FOUR CENTS

FLYING SAUCERS or not, these three banana-shaped specters in the sky over Fort Worth, Tex., certainly verge on the real thing, if there is a real thing. Ira Maxey, former B-24 bombardier, made the picture. Clouds partly obscure the one in the middle.

## Witnesses Testify Maragon Got \$1268 For Influence

### Connally Urges Policy Unity

Foreign Affairs Beyond Politics, Plea

WASHINGTON, April 20 — (AP) — Senator Connally (D-Tex.) appealed to the Senate to join in a non-partisan foreign policy and thus lift the cause of world peace "above the mists and fogs of party politics."

The veteran chairman of the Senate foreign relations committee made his call for unity in foreign affairs in a major speech prepared for the opening debate on a \$3,372,450,000 foreign aid bill.

"There should be no partisan politics involved in our foreign affairs," Connally said. "That field should not be invaded by demagogic appeals to gain personal popularity at home."

Connally's appeal came on the heels of a Republican announcement that GOP leaders "will be glad to consider" any proposals made by President Truman for cooperation in foreign affairs.

Senator Taft (R-Ohio) said late yesterday the Republican Senate policy committee agreed with Senator Bridges (R-NH), who has told Mr. Truman the Administration must consult with a cross-section of GOP Senate leaders to win cooperation in a bipartisan foreign policy.

"If the President wants the re-establishment of a bipartisan policy on matters of vital importance," Bridges said, "then he must consult with the Senate Republican leaders and keep the Republicans informed by consultation in the development of policy."

President Truman has announced that he intends to keep the Republicans informed and to seek their views both in forming and carrying out foreign policy.

Connally insisted that while domestic problems can be fought out in Congress and in debates among the people, "in the field of foreign relations our differences and divisions should stop at the water's edge."

"Let us highly resolve," he said, "that the welfare, the security and the interests of the United States and of world peace must rise above the mists and fogs of party politics."

Connally's speech was the first in a series of speeches by Senate leaders on foreign policy.

Connally's speech was the first in a series of speeches by Senate leaders on foreign policy.

### Defense Counters That \$500 Was Coverup For GOPster

WASHINGTON, April 20 — (AP) — Government witnesses testified at John Maragon's perjury trial today that the former White House intimate was paid \$1,268 for representing a molasses company in difficulties with the Agriculture Department.

The defense countered immediately with suggestions that \$500 of the total was a coverup contribution from a strong Milwaukee Republican to the Democratic party in Missouri. It tried to plant the impression that another \$100 was to make up to Maragon the loss of a gold coin.

Maragon is on trial in federal court on charges of lying to Senate investigators last year about his business and financial affairs, including his relationship with Allied Molasses Co. of Perth Amboy, N. J.

The government decided to push ahead with its case and risk the possibility that Judge Jennings Bailey might order at least some confidential files of the FBI and Agriculture Department exposed in court.

For the time being Bailey made no immediate decision. But Maragon's lawyer said he would insist on getting the documents before Milton R. Pollard of Milwaukee was dismissed as a witness.

Pollard is the uncle of Harold Ross, former president and now vice president of the molasses firm.

Pollard brought the name of Maj. Gen. Harry Vaughan, presidential military aide and former friend of Maragon, into the trial. He said he first met Maragon at a party given in Vaughan's honor in Milwaukee. Senate investigators have said the party was given by a brewer.

As for Maragon, Pollard testified:

"I asked him for his help and he agreed to assist us."

He said he believed the agreement was to take care of "whatever expenses he incurred" on behalf of Allied Molasses.

He said his records show that Maragon was given \$500 by a cashier's check, another \$500 later by his personal check and that he paid a \$168 hotel bill Maragon paid in Washington. Ross testified that he gave Maragon \$100 in cash in New York. All this was late in 1946.

### American Ceramic Society Meeting Set

EAST LIVERPOOL, April 20 — Some 2,000 members are expected to attend the 52nd annual meeting of the American Ceramic Society opening Sunday in New York City.

Officers elected in 1948 will begin their terms, 150 technical papers on research and development in all branches of the industry will be delivered at sessions of the seven industrial divisions and the second annual Ross Coffin Purdy award will be presented to a French plate glass research director.

J. W. Hepplewhite of East Liverpool, research director of the Edwin M. Knowles China Co., will take office as president, succeeding Hobart M. Kramer, refractories engineer for the Bethlehem (Pa.) plant of the Bethlehem Steel Co.

### Rail Strike Set Wednesday

Cancelling Unlikely; Roads Are Firm

CHICAGO, April 20 — (AP) — A strike against four of the nation's biggest railroad systems, threatening to slow all rail transportation, has been called for next Wednesday morning.

The strike call last night by the Brotherhood of Locomotive Firemen and Enginemen ordered some 18,000 of the union's claimed 110,000 members to leave their jobs at 6 a. m. April 26. Union spokesmen said the walkout would make idle some 50,000 rail workers.

The threatened strike followed nearly three years of dispute between the union and the carriers over union demands for a second man on multiple unit Diesel locomotives.

The union is free to strike at any time, having complied with all provisions of the national Railway Labor Act. But the possibility of a postponement was hinted in a statement by Union President David B. Robertson, who announced the strike call. He said:

"If they (the railroads) see some progress is being made toward settlement, the strike may be postponed."

However, a railroad spokesman, Daniel B. Loomis, chairman of the Association of Western Railroads, said: "Despite the strike threat, the railroads will stick to their decision of refusing to grant the makework demands of the union. Strike or no strike, no additional firemen will be employed on Diesel electric locomotives, which have no fires to tend."

Ir. Washington, Chairman Francis A. O'Neill, Jr., of the National (railway) Mediation Board, said he would discuss the situation today with the White House—meaning Presidential Assistant John R. Steelman.

The strike will be against the Pennsylvania system west of Harrisburg, Pa.; the entire Atchison, Topeka and Santa Fe system; the Southern Railway, and the New York Central west of Buffalo and three of its divisions, the Michigan Central west of the Detroit River, and Big Four and the Ohio Central lines.

Robertson said the 60 Brotherhood officials who have been meeting in Chicago for the last week discussing possible strike action, selected the four systems as "those which appeared most advantageous to us." Railroad spokesmen said the four to be struck are extensive users of Diesels.

### Teachers Association To Have Dinner Tonight

The Salem Teachers Association dinner meeting will be held at 6:30 tonight at the Baptist Church, with approximately 100 teachers, school secretaries and guests expected to attend the event.

Arranging the meeting was the social committee composed of Miss Winifred Shelles, Miss Sally Wilson, Miss Martha McCready and Miss Thelma Thomas. Entertainment for the program will be provided by "The Four-Tune-Aires," outstanding Youngstown quartet.

## Truman Tells Editors Of Truth Campaign

Must Convince World U. S. Not War Minded, Except For Freedom

WASHINGTON, April 20 — (AP)—President Truman disclosed plans today for a "great campaign of truth" to convince the world the United States has "no purpose of going to war except in defense of freedom."

He told the American Society of Newspaper Editors he has directed Secretary of State Acheson to develop a strengthened national information program to overcome Soviet Russian "deceit, distortion and lies."

He invited the continued cooperation of American newspapers in spreading the fact that this country is "wholly dedicated to the cause of peace." Mr. Truman declared:

"We must make ourselves known as we really are—not as Communist propaganda pictures us. We must pool our efforts with those of the other free peoples in a sustained, intensified program to promote the cause of freedom against the propaganda of slavery."

"We must make ourselves heard round the world in a great campaign of truth."

The President's address, prepared for delivery at a luncheon in the Hotel Statler, stressed the vital role newspapers can play in this phase of the cold war.

"There is too much nonsense about striped trousers in foreign affairs," he said.

"Far more influence is exerted by the baggy pants of the managing editor."

Mr. Truman chose this gathering of the nation's editors to outline a program for strengthening the government's own informational program abroad.

He said most of the editors are meeting well their responsibility as a link "between the American people and world affairs" by informing them "well and completely."

But, he added, "I am sorry to say a few are meeting it badly." He did not name any names, but went on to say:

"Foreign policy is not a matter for partisan presentation. The facts about Europe or Asia should not be twisted to conform to one side or the other of a political dispute. Twisting the facts might change the course of an election at home, but it would certainly damage our country's program abroad."

Mr. Truman called "absurd" the line taken by Russian propaganda, saying:

"Soviet propaganda constantly turns to TRUMAN, Page 10

## Hearings Ended On Floodway Project

WASHINGTON, April 20 — (AP)—The hearing before the board of army engineers for rivers and harbors on the proposed Mahoning-Grand River floodway project in Ohio ended yesterday afternoon.

The board will not be able to make a decision on the multimillion dollar proposal for a month or more, said Brig. Gen. John S. Bragdon, board chairman. The hearing was one of several preliminary steps necessary before Congress could be asked to authorize the project.

Before the hearing ended yesterday, Louis Deesz, dean of the school of engineering at Youngstown College, died of a heart attack as he prepared to testify at the hearing. His body was found in a washroom near the hearing room. He was to testify for the floodway.

## Clerk, 19, Arrested By FBI For Falsification

ZANESVILLE, April 20 — (AP) — A former field clerk of the Production Credit Association today is charged with making a false entry for \$500 in association records.

Federal Bureau of Investigation agents arrested Miss Maxine Evelyn Brewer, 19, of Route 2, near-by Blue Rock, yesterday. She was held to the federal grand jury by Homer E. Walters, U. S. commissioner.

The FBI said she worked for the Association until recently. The PCA is a federal loan agency organized under the Farm Credit Association.

# Ex-Communist Claims Lattimore Belonged To 'Communist Cell'

## Medical Board Bars Sander For 2 Months

License Revoked; Cite Injection As Morally Wrong

CONCORD, N. H., April 20 — (AP)—The state board of registration in medicine has revoked the license of Dr. Hermann N. Sander for what it termed "morally reprehensible action in deliberately injecting air" into a patient.

The 41-year-old country doctor was acquitted March 9 by a superior court jury of murder in the death of Mrs. Abbie Borroto, 59, who was suffering from incurable cancer.

The state had charged Dr. Sander killed the woman by four injections of air into her veins shortly before she died at Hillsboro County Hospital last Dec. 4.

The board hinted that Dr. Sander might apply for reinstatement in two months. A line in its decision said: "No application for reinstatement by Dr. Sander would be entertained prior to June 19, 1950."

The young physician politely declined to discuss last night's decision. His counsel, Louis E. Wyman, said he would consider the ruling with members of his staff and Dr. Sander this morning.

"On all the evidence," he said, "there is nothing against Dr. Sander's moral character in any way whatsoever."

The ruling could be appealed to the state supreme court. Wyman would not say whether an appeal would be taken. The court would not act on an appeal until September at the earliest.

Reginald F. Borroto, husband of the woman Dr. Sander was charged with slaying, said the board gave the doctor "a raw deal."

Borroto, who has stood by the physician since he was first accused, said:

"If you want to know what I think about it, I think it stinks. The poor fellow has been through hell and now they still want to extract more blood out of him."

"Dr. Sander suffered terrifically. I think he has suffered enough. I can't understand the medical board's action."

State Rep. George A. Myhaver said he would seek a legislative investigation to determine why the board revoked the doctor's license "when he already had been acquitted by a court."

## Maintenance Workers Strike, Close C-I Plant

PITTSBURGH, April 20 — (INS)—United States Steel's Carnegie Illinois plant at nearby Homestead was shut down today by a strike over guaranteed wage demands of maintenance workers.

Pickets manned the three plant gates, turning back workers beginning at 7 a. m. The plant employs some 12,000 persons.

A sound truck blared warnings of "don't cross the picket lines."

The U. S. Steel subsidiary immediately started shutting down 42 open hearth furnaces. It reported that 32 were cut back by 8 a. m., with the remaining ten scheduled to be down by noon.

## Senate Busy, Passes 200 Bills In 5 Hours

WASHINGTON, April 20 — (AP)—In about 300 minutes yesterday the Senate passed more than 200 bills.

The measures, most of them of minor importance, were approved under a procedure known as a "calendar call." The bills must have committee approval to be considered, and the objection of one Senator can block passage.

Most of the bills went through with the clerk merely mumbled the number and title and the presiding officer cutting him off with "the bill is passed without objection."

V. F. W. Dance! Round and square Friday night, 9 to 12. Private entrance, 3rd floor. Saddlemates, WKBK. Weingart calling. Public invited. Ad.

## Local Talent To Be Heard

## Program For Music Festival Monday, Tuesday Completed

The program for Salem's first annual Music Festival next Monday and Tuesday evenings in the Salem High School has been completed.

Musical organizations, musicians and High School students are uniting to make this one of the most outstanding events of its kind in the city's annals. Emphasis is being placed on the international scope of local culture.

Two pianos will be purchased from the proceeds—one a concert grand for the stage at the Salem High School, and the other one will be used in the club room of the Memorial building.

The Junior High School band will give the welcome on the program, which is in two parts. A sextet from the senior band will follow with "Allegro." The sextet is made up of Eddie Butcher, George Huston, Fred Theiss, Bill Schuller, John Votaw and Bob Zimmerman.

Salem Men's Chorus will highlight the program with three numbers, "Lift Thine Eyes," "Battle of Jericho" and "Great Day."

under the direction of Mrs. G. F. Jones. Mrs. D. I. Hindman is the accompanist.

An ensemble from the High School Chorus—Mary Arbanitis, Dorothy Pozniko, Treva Bush, Mary Jane Taflan, Jean Cameron, Martha Scullion, Shirley Hill, Nancy Stockton, Janet Lehman, Geraldine Van Hovel, Gayle Mellinger and Marie Vender will sing "Little Shepherd's Song."

George Catlin, talented vocalist, will give interpretations of "Old Man River" and "Water Boy."

Salem Vocalers, composed of some of the best women singers in the city, will sing four numbers, "Just A Wearyin'," "Adoration Te," "Snow White" and "I Love Little Willie."

Three of Salem's National award winners will sing solos as follows:

## Ingrid Agrees To Relinquish Daughter, Pia, To Husband

HOLLYWOOD, April 20 — (AP)—Actress Ingrid Bergman has agreed, with some reservations, to relinquish the physical custody, control and education of her 12-year-old daughter, Pia, to the girl's father, Dr. Peter Lindstrom, Beverly Hills surgeon.

The custody of Pia has been a major point of dispute between the two since the Swedish actress left Dr. Lindstrom, bore a son 11 weeks ago in Rome to her Italian lover, Film Director Roberto Rossellini, and obtained a Mexican divorce.

But though the settlement of Pia's custody was announced yesterday by lawyers for both sides there are already signs of some disagreement over the agreement.

Attorney Isaac Pacht, representing Dr. Lindstrom, told re-

## Budenz Says Institute Cell Included Expert

Testifies Before Senators Against McCarthy's No. 1 Red

WASHINGTON, April 20 — (AP)—Louis F. Budenz, former Communist, testified today Owen Lattimore was a member of a "Communist cell" in the institute of Pacific Relations.

Budenz told a Senate foreign relations subcommittee that he knows Lattimore, Far Eastern expert, was associated with two men who were "Soviet agents."

Budenz named these men as Frederick Vanderbilt Field, an official of the Institute, and Philip Jaffe, former editor of the magazine Amerasia.

The witness, testifying under oath in the Senate investigation of charges by Senator McCarthy, said the Institute of Pacific Relations was not a Communist organization.

He said, however, that it contained a Communist cell, which had been able at one time to gain control of the organization.

Lattimore, a Johns Hopkins University professor, has denied that he ever has been a Communist or that he helped the Communist cause in any way.

Lattimore was close by as Budenz testified. With him were Mrs. Lattimore and his lawyers, Abe Fortas and Thurmond Arnold.

They sat directly behind Budenz, so closely they could have reached out and touched him.

Budenz told the committee that evidence can be obtained to substantiate his testimony.

McCarthy (R-Wis) had said he would be willing to "stand or fall" on the Lattimore case in his general contention that the State Department has been infiltrated by Communists and their sympathizers.

Lattimore is not a department employee, but has been an occasional adviser to it. He has a general reputation as one of this country's best informed men on Far Eastern affairs.

Budenz said Lattimore was "commended" by Field and Earl J. Browder, former head of the Communist party in this country, for having been responsible for placing a number of "Communist writers" in the Institute of Pacific Affairs.

He named as one of the writers, a James S. Allen, whom he identified as a representative of the Communist Internationale in the Philippines and a foreign editor of The Daily Worker.

The 58-year-old Budenz related to the committee details of his association with the Communist party during the period of 1935-45.

He constantly referred to the party as "conspiratorial."

As managing editor of The New York Daily Worker, official

## Columbiana Council Passive To Health League's Request

COLUMBIANA, April 20—Council took no action at its meeting Tuesday evening to comply with a request from the Columbiana County Health League for an increased appropriation to do its work.

Based on its valuation of \$5,463,920, which is nearly \$2,000,000 higher than the next highest subdivision in the village classification in the county, Columbiana is now taxed about \$2,200 for the support of the league and the additional request would make its contribution about \$3,300.

Mayor E. L. Calvin and Councilman Walter Miller attended a recent meeting in Lisbon at which the health league set-up was explained. Administration costs of \$17,000 take the bulk of the funds derived, the four Columbiana County municipalities in the city classification not being tributary to the county authority, having their own health departments.

Members of council feel that Columbiana is paying a disproportionate share for the benefit derived. They would regard with more favor a county-wide health authority. Fairfield Township, with a valuation of \$3,662,900, is one of two or three of the heaviest township contributors to the present set-up.

Steps will be taken toward paving the north-south alley along the west side of the high school premises. Street Commissioner Craig Quigley reported that Superintendent H. F. Richmond said the Board of Education would provide the material if the street department would do the work. The school board will be consulted with a view of reaching an agreement.

At the request of the board of affairs, Solicitor John L. Hutson was instructed to draft legislation to advertise for bids for the

**LOOK OUT BELOW.** This house glides sedately downhill, about 10 feet a day, along with a whole hillside in Astoria, Ore. Now 200 feet from its original site, the house has 150 feet to go to reach the bottom of the hill and has a good chance of doing so intact. The slide started 2½ months ago and has officials puzzled as to what caused it. Slide has wrecked three homes and damaged 18 others. Of these, 13 were dragged to safety by house movers.

purchase of a new air compressor.

The street committee will investigate a proposed improvement of the intersection of N. Middle st. and Stanton ave., and a complaint by Robert Chestnut of drainage conditions in the alley alongside his premises on W. Salem st.

Eugene Beil and William Staaf of the Central Electric Inspection Bureau of Youngstown were before council, offering the services of the bureau as the official electric inspectors for new building in Columbiana.

Inspection costs were placed at about \$4.50 to \$10, depending on the size of the building. Council took the matter under advisement.

The street department has finished grading and putting the slag surface on the free parking lot provided by A. L. Wells in the rear of his store on S. Main st.

Council passed a resolution recommending that the people of Columbiana turn their clocks ahead one hour Saturday night, April 29, to conform to the daylight saving time of all the cities in this area.

Members of council deplore the continuing loss of many

beautiful shade trees along the streets in town due to decay which makes them a menace to property. Although their replacement with young trees is required, it takes a lifetime to mature a tree. First signs of decay in trees should be reported to Street Commissioner Quigley, so that measures may be taken to preserve them.

The fire department reported it expects the new No. 3 pumper May 1.

## Plan Goshen High Music Event April 28

DAMASCUS, April 20—Final arrangements were made for the music festival to be presented at the Goshen Union High School April 28 when the Band Mothers' club met with Mrs. Leland Knoedler Monday evening.

Nineteen members and Mr. and Mrs. Wayne Wilson were present.

The next meeting of the Band Mothers will be a picnic for the High School Band members and families and the faculty May 15 at the High School.

## 2 Akron Youths Admit Series Of Robberies

RAVENNA, April 20—(AP)—Police today charged George Dimitruk, 18, of Akron not only studied law at Western Reserve University, but that he also broke it.

They charged the pre-law student and his friend, Jack Freed, 18, also of Akron, with armed robbery. Detective Michael J. Sirkot of Cleveland said the pair admitted two robberies here, two in Toledo and theft of more than a dozen automobiles.

Freed was arrested at an Akron optometrist's when he sought to replace a pair of glasses police say were left in a stolen car. He implicated Dimitruk, detectives added.

Detectives said the pair also held up an Akron garage and fled in a burst of police gunfire. The car used in that job was the one in which the glasses were found.

## Cleveland Depot Up For Sale To U. S.

CLEVELAND, April 20—(AP)—The Pennsylvania Railroad today offered to sell its depot here to the U. S. government as a site for a proposed \$8,500,000 parcel post building.

Mayor Thomas A. Burke said railroad officials told him they would make a written offer of the antique downtown station to federal officials today.

No price was disclosed, but it

was estimated that about \$250,000 would be asked for the 250,306 square-foot area, located a few blocks southwest of Municipal stadium.

For several months government representatives have been looking for the best possible site for the parcel post building.

Although Pennsylvania railroad officials declined to say what the railroad would do for a station if the deal goes through, these possibilities exist:

The East 55th street station might be expanded to replace a downtown terminal.

A new depot might be built on

railroad property at East Ninth and Lakeside Ave.

The Pennsylvania might arrange for using the Cleveland Union Terminal which serves other railroads here.

## DI SALLE IN PORTSMOUTH

COLUMBUS, April 20—(AP)—Mayor Michael V. DiSalle of Toledo, Democratic candidate for the U. S. Senate nomination will speak today in Portsmouth.

McAlester, Okla., was started as a tent store at the crossroads of two well-traveled Indian territory roads, the California trail and the Texas road.

## Now She Shops "Cash and Carry"

Without Painful Backache

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions. If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

## Tax Terrier's Money? State Is Wondering

WOOSTER, April 20—(AP)—Whether the state can collect taxes on money willed a fox terrier named Trixie was up to the district court of appeals today. George P. Searight of Wooster

left \$1,000 for his seven-year-old pet. His will said that Florence Hand was to get 75 cents daily for caring for the dog which was killed by a car several months ago. The will stipulated the rest of the money was to go to distant relatives of Searight on Trixie's death. The state tax department claimed inheritance taxes are due

on the \$1,000. Probate Judge Myron T. Brenneman has ruled the money was tax-exempt. The appellate court will study briefs from both sides.

**Four Ohio Editors Named ASNE Members**  
WASHINGTON, April 20—(AP)—Four Ohio newspaper editors yesterday were approved for membership in the American Society of Newspaper Editors.

They are: Harold W. Carlisle, executive editor, Ohio State Journal, Columbus; James F. Carroll, associate editor, Dayton Journal Herald; John S. Moore, Jr., managing editor, Dayton Journal Herald; and Charles E. Scripps, associate editor, Cincinnati Post.

## More Travel By Air Seen

**CAB Head Sees All 1st Class Trips Air**

COLUMBUS, April 20—(AP)—Ten years from now all first class travel will be by air, a government expert predicted here yesterday.

The forecast came from Joseph J. O'Connell, Jr., chairman of the Civil Aeronautics Board, in a statement to a newsman. He also addressed the American Association of Airport Executives which winds up its convention here today.

He said: "It's inevitable that longer runs will be by air because it will be more economical, faster, and just as safe."

Trains, buses, and other forms of transportation will handle shorter than 200-mile first class passenger runs, he added.

One year ago, O'Connell predicted commercial jet-propelled aircraft would be in use within five years. Yesterday he said:

"I'm beginning to think that five years was too long. I believe we'll see commercial jets, traveling 500 miles an hour, in less time than that."

The United States is far ahead of any other nation in development of civil domestic and international airlines and facilities, O'Connell said. At the present time, he added, intense research is going on in "self-contained bags for gasoline to cut down the hazard of fire and interior structures to give maximum protection in crashes."

In his talk before the convention, O'Connell said the nation's airlines are not yet ready to make general reductions in passenger fares.

"Despite increased traffic, the industry still needs a general fare level of between five and one-half and six cents a passenger mile," he said.

"We are not ready financially and we are not ready cost-wise and we are not ready subsidy-wise for a four-cent domestic airline system."

## Supreme Court Stands Firm On Bond Ruling

COLUMBUS, April 20—(AP)—The status of millions of dollars worth of bond issues invalidated recently by an Ohio Supreme Court decision remained the same today.

The high court yesterday refused to rehear a case involving bond issues passed in Cincinnati last November by the voters but later on invalidated by the court.

The issues—and a number of others throughout the state—failed to get a 65 per cent majority.

A law, effective last Oct. 5, says issues need only a 55 per cent majority. But the court held that if legislation on the issues was begun before Oct. 5 they needed a 65 per cent majority.

North Carolina has recorded several instances when voracious bluefish have driven schools of menhaden on to the shore until they were piled knee-deep.

### Economy Is A Joke

THERE were only 19 votes in the U. S. Senate Monday night against the bill authorizing expenditures for flood control and rivers and harbors projects. Fifty-three Senators voted for the bill. None of them came from Ohio.

This is one of the traditional test bills for the economy impulse in Congress. The result in 1950 is 100 percent negative. There is no economic impulse. The Senate authorized \$1,565,767,825 for the projects, about \$450,000,000 more than the House authorized. And the House authorization was millions more than would have been authorized under any kind of a rational plan for these projects.

Senator Douglas of Illinois, who fought hard to reduce the gigantic spending in this category lectured his fellow Senators during the debate. "I know only too well," he said, "what we (the economy advocates) are up against. Local groups demand that their Representatives and Senators bring home the 'bacon' or else. All too often these groups loudly proclaim their desire for economy, but at the same time they want their local pet projects at the federal government's expense. They want economy practiced on the other fellow, but not on themselves."

When local groups demand that their Congressmen cut down federal expenses, there will be economy in government. Until then, economy is a joke.

### No Omelets Without Eggs

IN THE hubbub that will follow the Postoffice Department's retrenchment order, a tremendous pressure for maintenance of present service schedules will assert itself.

This pressure will be applied to Congress, which is dealing with the question of the Postoffice Department's appropriation for the coming fiscal year, beginning next July 1. Postmaster General Donaldson says his retrenchment order is justified by his department's current deficit. It would require a substantial increase of funds to offset a deficit after July 1. Without a substantial increase the department must retrench, hence the retrenchment order to go into effect on that date.

The present question is whether or not pressure to force the Postoffice Department to operate at a deficit, in the absence of an increase in its appropriation, will be justifiable. Those who apply the pressure must bear in mind that they are asking for a larger postal deficit and a net addition to the national deficit. While they are willing to demand an increase in taxes, they cannot conscientiously demand more postal service than they are willing to pay for.

There can be no economy in government without retrenchment. The postal retrenchment order is a test of the economy doctrine. If Congress now hears nothing but complaints, its members will be justified in assuming that taxpayers don't really want the government to live within its budget and keep taxes from rising. They will assume what they've been assuming for a generation—that it's good politics to spend, bad politics to retrench.

### Case-Hardened Facts

IF THE members of the House subcommittee investigating the steel industry will listen as the industry's spokesmen tell what they know, some case-hardened facts will be brought into the open, where they belong.

One of these facts, referred to in the testimony of C. M. White, president of Republic Steel Corp., is the condition of the Great Lakes steel-producing region. The region must have assur-

ance of an ample supply of high-grade iron ore to continue to do its job. That means, for one thing, development of ore resources in Labrador. It means, in Mr. White's opinion, that the government of the United States should encourage the steel industry to strengthen itself by means of taxation; allowance should be made for the experimental nature of some of its projects, such as development of new ore resources.

Such things should be obvious, and they are to everybody who lives in the Great Lakes region. But they are not obvious to some of the economic planners. Some of these masterminds are prepared to sink the inland steel industry without trace, in favor of a new seaboard steel industry dependent on ore resources being developed outside of continental America. Members of the House subcommittee should stay wide awake while the steel industry is telling its story. They're hearing about the future of the United States for a long time to come. They have a chance to avert what could be some disastrous mistakes if politician-planners ever get the upper hand of men who know how to produce steel.

### On The Size of Peanuts

JOHN MARAGON, the former crony of many well-known members of Washington crony society, was only a "little man among the great, a peanut among princes," according to one of the lawyers defending him on the charge of lying to a Senate subcommittee last summer. The subcommittee, it will be remembered, was investigating favoritism in awarding government contracts, with special emphasis on "5 percenters."

Maragon's counsel, elaborating on this unusual characterization of a client, told how the former bootblack ran into trouble by trying to do too many favors for too many people. "He wasn't trying to give anyone the deep freeze unless somebody else was trying to give it to him." The reference here was to those seven famous home freezers which turned up in curious places, such as the Truman house in Independence, Mo.

It will be interesting to see how this curious line of defense worked out in the Maragon trial. "A peanut among princes." Perhaps it will be disclosed in due course of time who were the princes.

### Looking Backward

From The News Files

FORTY YEARS AGO—Mrs. E. F. Vickers and children of E. Fourth St. leave Sunday for Cleveland to visit her mother, Mrs. R. F. Johnson.

Mrs. J. W. Camp went to Alliance Saturday to be the guest of her parents, Mr. and Mrs. I. N. Watson.

W. J. Glass of High St. spent the day in New Chambersburg.

Mrs. W. J. Terry and daughter, Mildred, are visiting in Alliance.

TWENTY-FIVE YEARS AGO—The Four Leaf Clover Circle of the Westminster Guild of the Presbyterian Church was organized at the home of Mrs. Hannah Maule, E. High St. Officers are: President, Elizabeth McKee; vice president, Virginia Simpson; secretary, Grace Dyball, and treasurer, Virginia McKee.

Mrs. Robert Clark and Mrs. Mary Woodward spent the day in Canton.

TEN YEARS AGO—Kum-Agen Club associates were entertained Wednesday at a desert-luncheon followed by cards at the home of Mrs. Harry Hoberg, E. Seventh St. Mrs. DeWard Elrod was a prize winner.

Miss Dorothy Peddicord was hostess to bridge club members at her home in Sebring yesterday. Miss Evalyne Benedict of Salem was named secretary-treasurer. Miss Ruth Pettit won the prize offered.

Joseph Morris, student at the Peddie School at Hightstown, N. Y., will spend Easter vacation with his parents, Mr. and Mrs. A. P. Morris, Ridgewood drive.

FIVE YEARS AGO—The Third Army besieged Frankfurt on the Main and sent its tanks crashing across the Main at Aschaffenburg into the plains of central Germany, a bare 250 miles from Russian lines.

Mrs. Lillian Brown of Pittsburgh spent the weekend with Mr. and Mrs. Sylvester Jackson of N. Lincoln Ave.

Mrs. Nettie Iler of Prospect St. spent the weekend in Toronto.

Mrs. Frederick Jones and daughter, Karen Ann, of Columbiana visited relatives here Sunday.

## Women And Acorns

By Hal Boyle

NEW YORK  
DO American women today really look like a row of acorns?

This question has the clothing industry in a mild tizzy.

The accusation that women, by aping the body lines of movie stars, had become as much alike as so many unborn oak trees in their nutshells was made by Raymond Marinelli, a well known designer.

Marinelli said this sameness resulted because too many women had adopted "the universal, uplift bustline, whether or not it corresponded with their own contours. But his charge drew an immediate and heated denial from a lady clothing designer—Cynthia.

"The upstanding bustline has already gone out," said Cynthia firmly. "And the acorn look is a thing of the past. It may have been popular a few years ago. But it has been replaced by the natural look."

"The trend now is for each woman to stress her own natural body line—to wear clothing with a natural shoulder, natural hip and natural bustline. And with no exaggeration anywhere."

CYNTHIA — lady designers, like male hairdressers, tend to regard last names as superfluous—also had nothing but scorn for Marinelli's contention that women would be more beautiful if they threw away their bras and girdles.

"I can't imagine a girl feeling good without a bra and girdle—or looking good either," she said. "She would feel uncomfortable and ill at ease—definitely not well groomed."

"A man wants a woman individually attractive to him. He doesn't want others to stare at her because she's improperly dressed."

But Cynthia, how about Mr. Marinelli's statement that women would be 1,000 times more feminine without these under-gown fashion aids?

"Don't you believe it!" said Cynthia, a tall, slender blonde with blue eyes.

"A girl just doesn't look attractive if she doesn't wear her foundation garments. She looks untidy—definitely. And if she is on the heavy side, she wobbles when she walks."

Cynthia gave a blonde shudder of distaste as she added: "She is like a bowl full of quaking jelly. A girl should wear her girdle and bra everywhere except at the beach or in her own boudoir."

"I'd certainly hate to see a girl wear a fashionable strapless evening gown with nothing underneath. She'd be quite sloppy. And men wouldn't like her. Men are getting more and more conscious of feminine styles—there have been such drastic changes. And they want their girls to be well groomed."

Cynthia said it was nonsense, too, to think that foundation garments had compressed all women into a single standard shape. Your modern day bras and girdles don't change the figure to that extent," she said sternly. "They just control it. And they come in hundreds of different styles, shapes and sizes."

AND then Cynthia gave her clincher: "Statistics show that 80 percent of girls 15 years of age or over do wear foundation garments. That's four out of five."

"I guess it must have been one of the fifth girls, however, who wrote me this anonymous letter: 'More power to this Marinelli guy! Girdles? I detest 'em! So carry on the crusade.'"

Not me, I don't want to get caught in the crossfire between Cynthia and Marinelli. It's all right with me if the girls wear chain mail, so long as it keeps them young and happy."

But do they look like a row of acorns? Well, when they wear those flat-footed ballet slippers, I always thought they looked more like a row of ducks, fugitive from a barnyard.

### Still a Long Way To Go

## Chrysler Union Keeps Other Plants Going

By DAVID LAWRENCE

WASHINGTON  
ONE outcome of the Chrysler strike may be to raise the question as to whether the members of the United Automobile

Workers Union (CIO) assisted in promoting "unfair competition" by financing the shutdown of one company's plants for the benefit of competing companies in the same line of business.

Thus, while Chrysler plants were shut down, General Motors and Ford and other auto companies were kept in production through the voluntary action of auto workers union which has members in virtually all the companies. These strikes were financed by money collected from the employees of competing companies.

When Chrysler is shut down, the other companies sell their cars more readily, and the same is true of Chrysler when General Motors or Ford has a strike. Indeed, the labor union as a part of its strategy strikes one plant and lets the others continue produc-

tion as a form of coercion based primarily on the competitive position of the different employer companies.

THE FEDERAL Trade Commission Act does not exempt labor union members or any other persons from becoming accessory to steps that bring about unfair competition. Thus, if the dealers of one automobile company organized a fund to help finance a shutdown in production in another company it would be plainly a violation of the statute. But when union members, as individuals, by concerted action, take their money and give it to strikers in order to keep a plant closed, isn't this bringing about aid to the plants which are not closed and doesn't it enable them to take away a portion of the market previously held by a competing company?

The Federal Trade Commission law says: "The commission is hereby empowered and directed to prevent persons, partnerships, or corporations, except banks, common carriers subject to the acts to regulate commerce, air carriers and foreign air carriers . . . from using unfair methods of competition in commerce and unfair or deceptive acts in commerce."

## Horror Anniversary

By TRUMAN TWILL

IT has been 25 years since the rolled-stocking had hit the womenfolk of this republic and toppled their insecure dignity. The anniversary is noted with clenched teeth and a shudder by all men old enough to remember the horror of those garish days.

But the struggle to save women from themselves never ends. It's still possible to see a rolled stocking, and men will be lucky if they do not have to suffer the low waist line and the midlength skirt again some day, things being as they are; namely, in a perpetual trend toward the uglification of women.

There has been more luck than purpose in the fact that styles the last few years have been more than ordinarily becoming to the female of the species. Over the long pull, the tendency to make women look worse than they really are is irresistible. A whim, for instance, could bring back those hair buns which made women look like side-wheelers stranded on dry land.

Or there could be a revival of that ugliest of all millinery creations in the Christian era—the cloche hat, which made all their wearers look like undernourished caricatures of football players. As it is, many women continue to wear cloaks with capes that make them look like rabbits peering out of a hole in a pile of brush. And there's always the Babushka, which stays with us like the common cold and high taxes.

Nothing is being done about skirts that make their wearers look like contestants in a sack race at a fireman's picnic. Nor about those imitations of moccasins that are so successful they are threatening to turn American women into reasonable facsimiles of broken-down Indian squaws. And there are still women in circulation who cherish the illusion that bangs are becoming.

The tragedy is that each fad as it comes and goes leaves a sizable minority of derelicts who stand pat. In the remote precincts there

are still women who don't look any different or any better than they looked when Calvin Coolidge was quietly occupying the White House. And in the remote precincts there are still fair creatures wearing shawls and, if they can get hold of them, high button shoes.

The strapless evening gown, with its gravity-defying structure, will probably be around for another half a century. So will slave bracelets, painted legs, the misuse of mascara, the dopey illusion that too much paint is better than not enough, frizzy hair, Lady Macbeth fingernails, all those metallic contraptions that are worn on the arms and give the effect of a Model-T going over a rough place in the road, strands of bleached hair and blouses with reading matter on them.

There may have been some people who thought rolled stockings were cute. Here's one who didn't—who thought they looked exactly like something improvised by a lot of women who should have known better than to appear in public without garters.

### So They Say

Territorial government should be endured no longer than is necessary to show that the people of the territory are loyal citizens—and capable of self-government. That time has come.—Gov. Ingram Stainback of Hawaii.

We are not denying ("flying saucers" reports) because of any developments of secret weapons, but because we know of nothing to support these rumors.—Presidential Press Secretary Charles G. Ross.

I don't see why television should handicap reading. The wide variety of subjects televised should stimulate interests in those subjects, thereby increasing and widening reading habits.—Dr. Clyde Hisson, director of years ago it was considered rare

## Cold Pills

By PETER EDSON

### Justify Claims, U. S. Warns Drug Firms

WASHINGTON  
FOUR Federal Trade Commission complaints have now been issued, charging false or misleading statements in advertising for "antihistamines"—the much-discussed drugs now sold over the counter, without physician's prescription, for treatment of common colds. Hearings on these complaints are scheduled to open April 28 in considerable heat.

Before naming the four products, it is necessary to get one thing absolutely straight. These Federal Trade Commission hearings will not determine whether the drugs are safe or whether they are effective medicines. The only finding will be on whether manufacturers of the four preparations have made advertising claims for curative powers which cannot be proved. The most that can come from these hearings will be cease and desist orders, compelling the manufacturers to change their advertising line.

Filing of a Federal Trade Commission complaint does not presume guilt. It merely puts on the advertiser the burden of proving that he has not made false claims in his merchandising.

THE four drug manufacturers, their products, and a summary of their advertising statements under investigation by Federal Trade Commission are as follows: 1. Bristol-Myers Co., New York, manufacturer of "Resistab." Among its advertising claims are: "Kills colds in one day . . . Resistab to guard my family against colds . . . Resistab is absolutely safe when used as recommended."

2. Anahist Co., Inc., New York, manufacturer of "Anahist." Among its advertising claims are: "Anahist — helps maintain your natural defense against the common cold and its complications . . . Prevents sneezing, coughing and running noses . . . New Miracle Drug stops cold symptoms in a single day . . . Now say goodbye to colds with Anahist."

3. Whitehall Pharmaceutical Co., New York, manufacturer of Kriptin. Among its advertising claims are: "Kill a cold at the very start—kill it completely—not in days but in hours . . . No more sneezing—stopped up nose—aches and pains—no more miserable days in bed trying to 'outlast' a cold."

4. Union Pharmaceutical Co., Montclair, N. J., manufacturer of "Inhiston." Among its adver-

tising claims are: "If you now have a cold, take Inhiston immediately to shorten the duration of the cold and reduce the sneezing, sniffing and coughing. That way, your family runs less risk of catching your cold . . . And, Inhiston is safe when used as directed."

These are merely the first complaints to emerge from an FTC investigation into advertising on antihistamine products. Other complaints may be filed later, where evidence warrants.

BEHIND this FTC investigation to protect the public interest there are several other forces at work. One would seem to be a conflict among government agencies.

In September, 1949, the Food and Drug Administration granted an application for the sale of Neohetramine without a prescription. Six weeks later Food and Drug Administration sanctioned sale of the same drug under the name of "Anahist" without a prescription. First public advertising was carried early in November. Other approvals followed.

In all the controversy over the effectiveness of antihistamines, the Food and Drug Administration has steadfastly reasserted its convictions that these drugs are safe. "It is difficult to see any basis for the Federal Trade Commission's allegation that the drugs are not safe," says Associate Food and Drug Commissioner George Larrick. "They are safe if the dosage on the label is not exceeded," says Commissioner Paul B. Dunbar.

Outside of government, there is a conflict between the doctors and drug manufacturers, wholesalers and retailers. The drug trade wants to sell antihistamines over the counter without prescription. Many doctors think the drugs should be sold only on physician's order. Journal of the American Medical Assn. reported on Feb. 25: "Further verification is needed" on the effectiveness of antihistamines.

Meanwhile, in the past six months some 12,500,000 people have bought the drugs. Surveys indicate that from 70 to 80 percent of the buyers intend to continue their use. The drug trade claims there have been less than 10 cases of accidents from overdose, and points out that aspirin, castor oil or other common household medicine can be fatal if you take too much.

## Health To You

By EDWIN P. JORDAN, M. D.

### 'Multiple' Attack On Nerves

MULTIPLE sclerosis is a disease of the nervous system. A few years ago it was considered rare in this country (it seemed somewhat more common on the European continent and in Britain). Today while still an unusual condition there are many reasons for believing that it is increasing. Even if it had remained extremely rare, however, it would have been important to those who had it and methods of preventing and treating it would still be urgently needed.

It may attack one or several parts of the nervous system and it is for this reason that the term "multiple" is attached to the name. The symptoms depend therefore, on what part of the nervous system is involved.

Since the location varies there are no completely typical symptoms, though seeing double, a trembling or tremor when trying

to pick up some object and a gait which looks somewhat like that of a drunken person are probably the most common. One or all of these may be absent and consequently the diagnosis may be difficult to make or long delayed.

The cause of this disease is not understood. Many theories have been suggested and studied but so far there is no one cause which has been accepted by all authorities.

A great many kinds of treatment have been tried. These have included fever treatment, the use of drugs to delay blood coagulation, attempts to desensitize to allergies, vaccines and several different drugs. Unfortunately none of these have proved really successful.

A good long rest is the best form of treatment during the acute stage of multiple sclerosis. The patient usually goes through periods of great improvement. If these good periods can be lengthened and the bad ones shortened, it is a good sign. A warm climate and freedom from colds and other infections of the nose and throat may help to prevent the downswing of the disease.

We need to know more about multiple sclerosis. Of this there is no doubt and therefore a group of citizens and physicians has been formed to aid in the necessary investigations. This group is called the Association for Advancement of research on Multiple Sclerosis, 270 Park Avenue, New York.

It was started by patients themselves, together with their friends and relatives and in co-operation with some of the country's leading physicians. The added interest and support provided by this society should lead to a more rapid increase in our knowledge of the causes and treatment of multiple sclerosis. Already this society has begun to aid several important research projects.

### BIBLE QUOTATION

And if ye have not been faithful in that which is another man's, who shall give you that which is your own?—Luke 16:12.

Since dogs cannot digest vegetable chunks, vegetables should be cooked and mashed before feeding them to canine pets, according to the Encyclopedia Britannica.

More varieties of crops are produced by Florida than any other state in the Union. It harvests 200 kinds of vegetables, nuts and fruits annually.

### SIDE GLANCES

By Galbraith

"Next week we will discuss the question of husband participation when wives are on reducing diets!"

## News Of Our Neighboring Towns

### Columbiana

Annual inspection of Columbiana Chapter, O.E.S., was held Tuesday evening with more than 150 in attendance, including many from out of town. Deputy Grand Matron Evelyn Ashton of Carrollton was the inspecting officer.

Preceding the meeting, dinner was served at the Christian Church. Table decorations were center pieces of spring flowers. Among the out-of-town guests were two grand representatives, Birdella Martindale of Alliance and Mary Fisher of Canton.

After the inspection, light refreshments were served in the lodge room.

Bishop Titus Lowe, retired, formerly of the Indianapolis Church area, who was to have preached in Steubenville next Sunday morning and in the Columbiana church in the evening, will be unable to be here, having been called to New York. He telephoned Rev. W. S. Longworth, pastor here, that he would be glad to come later.

Sam Keener, Salem industrialist, will be the speaker at a meet-

ing of the Columbiana County Clerks and Trustees Association in Grace Evangelical and Reformed Church this evening. The meeting will precede a dinner.

### Lisbon

Mr. and Mrs. John A. Cusick of near West Point, will observe their golden wedding anniversary Wednesday, April 26, when open house will be held and friends may call between the hours of 2 and 4 and from 7 until 10 p. m.

Eight children, Mrs. J. C. Rosendahl of Irwin, Pa., J. C. Cusick of East Palestine, Mrs. F. G. Baker of Guilford, Mrs. Theodore Rufener, Mrs. Joseph Scroggs, Mrs. Philip Carnes and Ralph Cusick of near Lisbon, and Mrs. Beryl Conkle in the home, will aid in the celebration. The honored couple also have 18 grandchildren and two great-grandchildren.

Mr. and Mrs. Roy McCord were honored on the occasion of their 25th wedding anniversary when friends gathered at their home on N. Market st. Tuesday evening. Those present included: Mr. and Mrs. Sylvester McCord of East Liverpool, Mr. and Mrs. John Crawford and daughter, Linda of Salem, Mr. and Mrs. Carl Williams, and Mr. and Mrs. Alvy McCormick and daughters Alice and Mary Ellen of Lisbon.

Amity Club was entertained by Mrs. Jennie Criss at her home, 526 E. Chestnut st., Wednesday evening.

Members of the Harmony Club were entertained Tuesday evening by Mrs. Thomas Burnip, at her home on S. Lincoln ave.

Twentieth Century Club will be entertained Thursday evening by Mrs. G. V. Weinstock, Franklin Square road.

Members of the Harmony Club were entertained Tuesday evening by Mrs. Thomas Burnip, at her home on S. Lincoln ave.

Mary Greenamyer, Missionary Society of the Presbyterian Church was entertained at the home of Mrs. Sarah K. Rush Wednesday afternoon.

Mrs. R. C. Harold had charge of the devotionals and Mrs. Eva S. G. Ashley read a paper on, "Medical Tasks Overseas." Mrs. S. J. Prior reviewed the third chapter of the study book, "Grass Roots." Mrs. J. C. Strubel conducted the business meeting.

"OUR" Community Club was entertained at an all-day meeting at the home of Mrs. Ewing Hollaway, south of town, Wednesday. A coverdinner was served at noon. The day was spent in quilting.

Mrs. Marcus Holt entertained bridge associates at her home Wednesday evening.

Rev. and Mrs. T. P. Laughner were advised Wednesday of the death of her mother, Mrs. E. E. Bohlender at Troy. Funeral services will be held Friday afternoon at Dayton.

### Homeworth

Mr. and Mrs. Ralph Grimes entertained their son-in-law and daughter, Mr. and Mrs. Robert Whitespoon and children, Charles, Randy and Susan, of Minerva and other relatives.

Witherspoon and children, Charles, Randy and Susan, of Minerva and other relatives.

Mr. and Mrs. Harmon Knoll and Mr. and Mrs. Ralph Grimes motored to Plymouth, Ind., recently to attend the funeral of Mr. Knoll's cousin, Frank Powell.

Rev. Thomas G. Holmes and the choir of the Presbyterian Church participated in the week of dedicatory services at the East Beech Reformed Church by presenting the sermon and music Monday evening.

Mr. and Mrs. C. C. Chapman, Mr. and Mrs. William Saltsman and Lee Cassidy of Alliance spent Monday evening at the home of Mr. and Mrs. E. E. Grimes.

Mrs. Beulah Wright returned to her home in Kensington Monday evening.

Mr. and Mrs. Earl Thomas returned from a vacation trip to Chicago Sunday evening.

Donald Keifer and son Tommy, of Canton were business callers here Friday.

Mr. and Mrs. Kash Frazier and Paul Cassidy of Alliance were guests of Mr. and Mrs. Emmitt Grimes Friday evening.

### Beloit

Postmistress Cora Birch, who has been ill for the last week with virus pneumonia, is slightly improved. She was given a pleasant surprise Saturday in a telephone call from Mrs. William Mathe of Huntington Park, Calif.

Mrs. Mathe is the former Eileen Urmon of Beloit.

Mrs. O. C. John has been away all week caring for her sister, Mrs. Wilfred Severance of Alliance-Minerva rd., who was injured in an auto accident while enroute to the hospital to give birth to a child.

The condition of Mrs. Severance, who is now at home, is reported fair and the baby is fine. Mrs. Severance also is a sister of Mrs. William Doolan of Beloit.

Mrs. Jack Wilson and daughter, Kathy, of Sebring were Tuesday afternoon guests of Mrs. Charles Wagner.

Mr. and Mrs. Raymond King and daughter, Avon, were recent guests of her sister, Mrs. Romaine Schills, and brother-in-law and sister, Mr. and Mrs. Thomas Holly, and family of Youngstown.

Mr. and Mrs. Millard Kessler and son, Kenneth, of Austin-town spent Friday evening, April 14, with her parents, Mr. and Mrs. Olin Shoar.

Mrs. John Yothers, who was admitted to the Alliance City

Hospital Thursday evening, April 13, after becoming seriously ill, is reported improved.

Mr. and Mrs. Donald Israel and children of Alliance were Sunday evening guests of Mr. and Mrs. D. C. Israel.

Mrs. Mary Stanley of Sebring visited Beloit friends Friday, April 14.

Mrs. Homer Earley went to Berea Friday, April 14, to visit her daughter, Miss Miriam Earley, a student at Baldwin-Wallace College, who is ill. Miriam returned home with her mother and entered the Salem Clinic, where she is reported improved.

Mr. and Mrs. Harry Mansfield of Minerva were Friday evening, April 14, guests of her uncle and aunt, Mr. and Mrs. E. P. Tatsch.

Mrs. Owen Glassburn and daughter, Audrey, and Mrs. E. P. Tatsch attended the Youth Conference at Cleveland Bible College, Cleveland, Saturday evening. Rev. Glassburn, who was the speaker, returned home with them.

Mrs. Charles Hazel and Mr. and

## MARION MOTHER LOST 45 LBS. WITH RENNEL

"Rennel has done wonders for me," writes Mrs. Roy Stapleton, 378 Avondale Ave., Marion, Ohio. "Since taking Rennel I have lost 45 lbs. in a little over four months. My dress size has changed from 48 to 20. I am 27 years of age, and the mother of four children. That means a lot of walking to watch the children, which was tedious work. But not any more, for I am lighter on my feet and feel fine."

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Rennel Concentrate. Pour this into a pint bottle and add

enough grapefruit juice to fill the bottle. Then take two tablespoonful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears—how much better you feel. More alive, youthful appearing and active.

## WHEN I GROW UP...

EVERY American boy dreams of being a policeman some day. Because a policeman is the hero who fights crime, yet still remains the child's friend at the school corner.

He's the symbol of American freedom, where the law is the trusted servant of the people. It's a lot different in police states, where the man in uniform is the symbol of tyranny and oppression.

It can't happen here, you say? Yet many a country has been inched into a socialistic form of government, so slowly, so gradually, that its people were enslaved before they realized the danger... and all the while their leaders declared, "Everything is being done for the good of the people!"

Yes, even in the United States, we hear people say, "Let the government control certain industries and services. Let it begin by taking over the doctors, the newspapers, the railroads, the electric light and power companies. Government control is good for the people!" This is how a socialistic government gets its foothold.

Remember this: Every time government gains control of something else, you lose something—another liberty. Eventually government grows stronger, and the people become the slaves to the law. The friendly cop on the corner is replaced by the watchful agents of a too-powerful government.

Who wants that kind of America? Nobody! Well, it's up to you!

## Woman's Party Reaffirms Aims Of Suffrage Pioneers

AIMS SET FORTH BY THE PIONEER WOMEN who gathered in City Hall 100 years ago Wednesday for the first meeting of the Ohio Women's Suffrage Association were reaffirmed by the members of the executive board of the Ohio Branch, National Women's Party, at a session yesterday in the same hall.

"Of the 22 resolutions passed at the first convention, only three had to do with desire for suffrage—all the rest were aimed at equality with men under the law," said Mrs. Clara Snell Wolfe of Columbus, state chairman, who also worked valiantly for the cause of suffrage.

"The petitions signed through the efforts of these early Ohio feminists showed 7,901 signers for equal rights and for suffrage 2,106," she pointed out.

"We are here to honor the pioneers and to renew our devotion to the cause which they outlined so long ago," the chairman said.

Mrs. Wolfe explained that as the first century of woman's effort for equality is being celebrated in Salem, the United States Congress has before it a proposal for an equal rights amendment to the Constitution.

The plank for this proposed amendment has been in the platform of both major political parties since 1944 and in the Republican platform as early as 1940.

Among the resolutions passed a century ago and reaffirmed by the executive committee yesterday is the following:

Resolved, "That all rights are human rights, and pertain to human beings without distinction of sex; therefore justice demands that all laws shall be made, not for man or for woman, but for mankind, and that the same legal protection be afforded to the one sex as to the other."

The 1850 convention here was the first of its kind ever held in the United States in that it was planned and persisted over by women, historical records reveal. At the 1848 women's meeting in Seneca Falls, N. Y., some men assisted.

Att'y Ernestine Breisch Powell of Worthington, former editor of the National Journal, Association of Lawyers, contrasted the legal status of women in 1850 to those of 1950.

The National Woman's Party was founded in 1912 as the Union for Woman Suffrage and was organized under the present name to obtain the remaining consti-

tutional rights. Nationally the group is supported by the Federation of Women's Clubs, the National Federation of Business and Professional Women's Clubs, the National Association of Women Lawyers, the American Women's Medical Association and the national groups of women osteopathic physicians.

In Ohio, the State Nurses Association and the Ohio Federation of Business and Professional Women's Clubs are among its supporters.

At yesterday's meeting the officers passed a resolution to send a letter of recognition to General Chidlaw to thank the Air Force for its policy of non-discrimination as affirmed by Air Force letter 40-89.

Records show that the Republican legislature of 1856-57 was the first to grant women recognition. Governor Chase recommended to its consideration the matter of woman's property rights.

## Methodist Group 2 Elects Officers

OFFICERS WERE named for the fiscal year at a dessert luncheon meeting of Group 2 of the Methodist Women's Society of Christian Service Wednesday at the home of Mrs. C. H. Waldron on Homewood ave. Mrs. E. J. Walton and Mrs. D. H. Rummel were co-hostesses.

They are: President, Mrs. Earl Rogers; vice president, Mrs. Frank Mangus; secretary, Mrs. R. R. McGhee; treasurer, Mrs. Waldron.

Plans were made for a benefit tea Friday, May 19, in the home of Mrs. Rogers on the Albany rd. Miss Helen French used a "Springtime" theme for the decorations. Otis Rhodes, Jr., sang a group of songs with Mrs. Rhodes at the piano.

There were 15 members, and Rev. and Mrs. Richard C. Swonger and Karen Moff of Salem and Mrs. James Barrow of Columbiana were visitors. This group will arrange the program for the general meeting of the society May 3 in the church.

## Key Men To Be Honored At Boy Scout Dinner

Key men in the Columbiana County Boy Scout program will be honored at the annual fellowship dinner tonight at Columbiana High School. R. J. Barrow, president of the Columbiana Council, will recognize scoutmasters, cubmasters, and explorer advisors for their service as unit leaders.

E. S. Kerr, superintendent of Salem schools and a scout for 35 years, will present veteran awards, one for 30 years service. Perle L. Whitehead and M. H. Mawhinney also will participate in the program.

## With The Patients

The condition of Mrs. Eula Strawn of E. Third st., who is in the Central Clinic suffering from a heart attack, remains serious.

## Nurse Engaged

Miss Jenell Jewell

Mr. and Mrs. Theodore S. Jewell of W. Tenth st. announce the engagement of their daughter, Jenell, to Donald B. Gregor, son of Mr. and Mrs. Benjamin C. Gregor of Orinoco ave., East Cleveland.

July will be the wedding month, but the day has not been set.

Miss Jewell is a graduate of Cleveland Huron Road Hospital School of Nursing. Her fiancé served two years in the Army, with 16 months in the Pacific Theater. He is employed in the East Cleveland Postal Service.

## Columbiana Couple's Engagement Announced

Mr. and Mrs. George W. Childers of Columbiana announce the engagement and approaching marriage of their daughter, Jennie to James Richard Magill, son of Mr. and Mrs. James Magill of Columbiana.

Miss Childers and Mr. Magill are planning an open church wedding for 4:30 p. m. Sunday, May 7, in the Grace Reformed & Evangelical Church, Columbiana. The reception will be in the Childers home.

The future bride is employed at the Strouss-Hirshberg store here. Her fiancé is an employee of the Truscon Steel Co., Youngstown.

Miss Childers was complimented with a lovely shower party recently given by Mrs. Dale Young of Columbiana, who will be matron of honor at the wedding. Mrs. Leonard Goist and Mrs. Paul Englert were associate hostesses. The honor guest was the recipient of many gifts.

## M. A. Moffetts To Mark Golden Anniversary

Mr. and Mrs. M. A. Moffett of 170 Park ave. will mark 50 years of married life Sunday at their home. Miss Anna Phillips and M. A. Moffett were married April 23, 1900, in Lisbon.

No special celebration is planned.

## Birth Reports

Daughter, to Mr. and Mrs. Harry Malone of Lisbon, Wednesday, at City Hospital.

Son, to Mr. and Mrs. John Cook of Canfield, Wednesday, at City Hospital.

Son, to Mr. and Mrs. David Williams of Lisbon, Wednesday, at City Hospital.

Daughter, to Mr. and Mrs. Eugene Borelli of East Palestine, today, at City Hospital.

## 100 Women Expected At Church Workshop

MORE THAN 100 women, representatives of the Northeast Region of the Ohio Council of Church Women, are expected to attend the workshop starting at 1:30 p. m. Friday in the Presbyterian Church. All Salem church women are invited.

A highlight of the day will be a talk by Mrs. J. D. Wyker, president of the Ohio Council of Church Women. She and Mrs. Harry E. Smoyer, vice president of the Northeast Region, will conduct the workshop, discuss council work and the ecumenical (world church) program.

A fellowship hour and a tea will conclude the program for the afternoon. Mrs. Maurice Sadler, president of the Presbyterian Women's Association, and Mrs. Orien Naragon of the Methodist W. S. C. S., will arrange the tea.

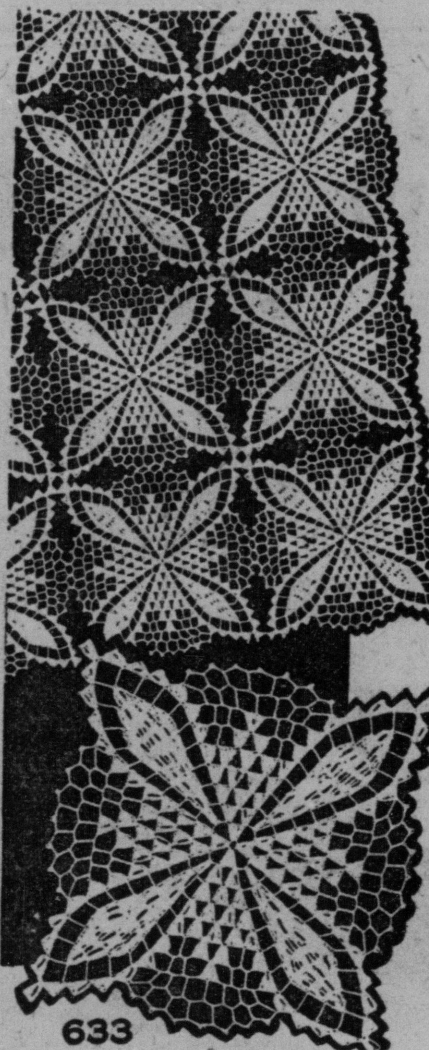

## Phoebe Anderson Given Pre-Nuptial Party

Miss Phoebe Anderson, who will become the bride of Ralph Davis of Berlin Center Saturday, April 29, was the honor guest at a kitchen shower Tuesday evening at the home of Miss Janet Robinson on E. State st.

Her 12 friends brought gifts and spent an informal evening playing 500. Prizes went to Mrs. Donald Greenamyer, Mrs. Vito Faini, Mrs. Lowell Hopperich and Mrs. Robert Ward.

Mrs. Greenamyer assisted the hostess in serving refreshments. Favors, in keeping with the occasion, were wooden spoon dolls.

## Needlecraft Pattern

LAURA WHEELER

Tomorrow's treasure from today's pleasure, that's what this square (7 inches in No. 30 cotton) will be. One a day; you'll soon have enough for cloth or spread. Quick to crochet, easy to memorize. Pattern 633; directions.

Pvt. Humphreys

Pvt. Virgil Humphreys, son of Mr. and Mrs. William Humphreys of R. D. 2, Salem, recently spent a 15-day furlough in Rome, Italy. Stationed in Berlin with the U. S. Army, he has been in the service for the past 16 months. His address: Pvt. Virgil Humphreys, RA-15268197, Co. 1, 3rd Bn., 16th. Inf. Regt., APO 742, New York, N. Y.

## New Waterford

When Miss Bessie Brown entertained the Afternoon Country Club recently officers were elected. They are: Miss Brown, president; Mrs. Fred Bore, vice president; Mrs. George Richards, secretary-treasurer and Mrs. Homer Felger, assistant secretary-treasurer. The club will meet with Mrs. Simmons April 26.

Mrs. Clara Bradford is a guest of Sara Koch in Stratford, Conn. Mrs. K. S. Jepson spent the week with her brother and family, Mr. and Mrs. Neill Rogers, at Eaglerock, Va.

The Westminster Fellowship group of the Presbyterian Church met at the church Sunday evening. Paul Sheerer was the devotional leader.

## Stitch and Chatter

Dolores Duke was elected president of the Stitch and Chatter Junior 4-H Club at the meeting Monday at the home of Carol Hawkins on Franklin road.

Others chosen include: Vice president, Lois Beardsley; secretary, Kathy Groves; recreation leaders, Henrietta Blockson and Carol Hawkins, and news reporter, Janet Allen.

Members worked on club calendars. Baseball provided the recreation. The next meeting will be held at 7 p. m. May 10 at the home of Dolores Duke.

## 350-Year Physicians Receive Recognition

Three Columbiana county physicians, Dr. H. J. Pelley of Hanoverton, Dr. A. B. Hobson of Salem and Dr. W. A. McCommon of East Palestine, were honored by the Columbiana County Medical Society at a dinner meeting in Lisbon Tuesday evening, for 50 years in the practice of medicine.

Dr. Pelley was the only one present, however, to receive the honor which was bestowed by Dr. Paul Davis of Akron, councillor of the Ohio State Medical Society for this district.

Dr. Ralph Starbuck of Salem, president of the county medical society, presided over the meeting and introduced Dr. Robert Taylor of Cleveland, who spoke on "Present Management of Hypertension Disease."

## Legion Women Attend Five-Unit Meeting

Ten members of the Salem Auxiliary of the Charles H. Carey post, American Legion, traveled to East Liverpool Tuesday evening to attend the five-unit meeting of the Auxiliary County Council.

Those from Salem who enjoyed the successful white elephant sale and entertainment were Mrs.

Chester Kridler, president; Mrs. Howard McDonald, Mrs. William Needham, Mrs. L. S. Hollinger, Mrs. John Herman, Mrs. Gus Seckler, Mrs. Henry Schultz, Mrs. Phillip Stevens, Miss Margaret Grubbs and Mrs. Matilda Miller. The next council meeting will be announced later.

## E. Sixth St. Residents Form Hi Neighbor Club

Neighbors on the new section of E. Sixth st. have formed a club to be known as the Hi Neighbor Club.

The women met Wednesday evening at the home of Mrs. Anthony Sheen and enjoyed the hours playing canasta. Lunch was served. Meetings are held the third Wednesday in each month and the May meeting will be with Mrs. Thomas Little.

Hostesses at previous meetings were Mrs. Albert Ross, Mrs. Ford Joseph, Mrs. Jack Gilbert and Mrs. William Schmidt.

## Personal Notes

Kenneth Umstead of R. D. 1, Salem, has purchased the old McKelvey property on S. Broadway and is dismantling the structure for removal to a site in the country where the house will be rebuilt.

W. L. Fuhs of Cleveland st. returned Tuesday from Bradenton, Fla., where he spent the winter.

Philathea Class Guest  
At Meeting In Church

Meeting Tuesday evening in the church social hall, members of the Baptist Philathea Class were guests of Mrs. R. J. Hunter and Mrs. Edward C. Sooy.

Mrs. William Park was devotional leader. This class will arrange the program for the church mother-daughter banquet Friday, May 12, in the church. Lunch was served.

The May 16 meeting will be at the home of Mrs. Park on Home Circle.

Films Of Keener Trip  
To Be Shown Legion

A special meeting of the Charles H. Carey Post, American Legion, will be held Monday night at the post when movies on Sam Keener's globe-circling selling expedition will be shown by Elwood Broadwater of Salem Engineering staff.

A supper will precede the movies at 6:30 p. m. with William Needham and Vern Rich in charge of the food preparation. Broadwater's talk and the film will be presented at 8 p. m.

Commander William Schaeffer, Ray Reich and Keith Ackerman made arrangements for the program.

## SURE MARK of a GREAT BUY

**Y**ou know many things about the man behind the wheel when this bold front comes winging your way.

**He knows style**—he is traveling behind the boldest and freshest forecast of things to come that is on the roads today.

**He's a practical person**—likes the idea of plenty of protection out front without spending money on such extra items as bumper guards.

**He likes convenience**—the easier parking made possible through the precious inches of over-all length saved by this design—not to mention freedom from "locking horns" with the car ahead.

**And he's foresighted**—knows that accidents do happen sometimes—and he goes for the idea of a front-end design that can be repaired by replacing single bars instead of a whole grille work.

You could add that he likes power—for behind this smart forefront there's a big bonnetful of Fireball horsepower.

He likes comfort—since every car bearing this grille rides on soft coil springs all around.

Most of all, **he has an eye for a buy.** For this bold new design means Buick—and in every series, SPECIAL, SUPER and ROADMASTER, Buick means a better all-round buy.

For proof of that—go look, try and compare. You'll find that, dollar for dollar, your Buick dealer has the top values—and that goes for cars bracketing every price range above the very lowest.

BUICK PRICES  
BEGIN AT

\$1850.00

## DELIVERED

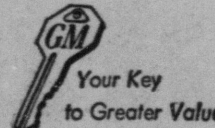

State and local taxes, if any, and optional equipment extra. Dynaflo Drive standard on all ROADMASTERS, optional at extra cost on SUPER and SPECIAL series. Prices may vary slightly in adjoining communities due to shipping costs. All prices subject to change without notice.

# Former Giants Tee Off Against Durocher

## Ray Murray To Start For Tribe

Hegan, Hit On Nose By Foul, To Sit One Out

CLEVELAND, April 20—(AP)—Rookie Catcher Ray Murray gets a chance today to catch his first major-league game—unless the weather interferes again with the Cleveland-Detroit contest.

The big Oklahoma City backstop never has worked behind the plate for the Indians, although they used him in 1948 as a pinchhitter.

His opportunity for the receiving assignment resulted from a minor injury to Jim Hegan, who misses few games. Hegan was hit on the nose by a foul tip off his own bat in the eighth inning of Tuesday's opener which the Tribe lost to the Tigers, 7-6, in 10 innings.

"Murray had a good spring, so I want to see what he can do," Manager Lou Boudreau said. "Besides, Hegan's nose is still sore."

During the exhibition season Murray batted .319 and banded out five homers.

The same pitchers who were to hurl yesterday, when rain washed out the game, are to start today—righthander Early Wynn (11-7) for Cleveland and

southpaw Ted Gray (10-10) for Detroit.

**TINY MARINO** Pieretti took his first workout with the Indians yesterday. The five-foot-seven righthander was obtained from the Chicago White Sox Tuesday for the \$10,000 waiver price.

Pieretti came here from the hospital—a result of being hit behind the right ear with a line drive while he was sitting on the White Sox bench Sunday. It gave him a chance to spring the old wheeze: "X-rays of my head showed nothing."

"I was still groggy when I got here," Pieretti said. "I only hope I don't wake up and find it's all a dream. I sure want to be with this ball club."

Aside from a slight headache, Pieretti says he feels okay, is ready to pitch, and would like a starting job. Boudreau, however, plans to use him as a reliever.

"Little Chick," as Pieretti is known, served with the Washington Nationals for three and a half years before going to Chicago midway in the 1948 season. His best year with the Nats was 1945 when he had a 14-13 record. His lifetime major-league record is 30 victories and 37 defeats—but he's always been with a second division club.

The little guy is remembered here as the first pitcher to face (and retire) big Luke Easter, Tribe's slugging rookie rightfielder, when Easter came up from San Diego to Cleveland last summer. Pieretti won three against two losses in relief roles against the Indians last season.

## Bradley Cager Says He Got Bribe Offer

PEORIA, Ill., April 20—(AP)—Paul Unruh, Bradley University basketball star, says he turned down a \$100 to \$500 bribe offer to throw a National Invitational tournament game in New York last month.

The 21-year-old All-American ace, son of a Baptist minister, says he brushed off an unidentified man who asked him in front of a New York hotel if he would like to "make some easy money." Unruh said he neglected to mention the incident to Bradley officials at the time because he didn't think it was important. "I just brushed it off and forgot it," he said. "I didn't hold it against the guy—I guess guys like that have to eat and make a living."

Unruh said he believed the man was a bookie but added that he could have been a prankster. He said also that no report was made to tournament officials or to the district attorney in New York.

The Bradley star disclosed the bribe offer for the first time during a speech at a church dinner in Pekin, Ill., Tuesday night. He said the man offered to pay \$100 if Bradley won a game by six points and \$500 if it won by two points in any tournament game.

Four players from the Kansas City Mohawks were named on the U. S. Hockey League all-star team chosen by loop players.

## Hit Home Runs In Brave Wins

Yanks Still Give Sox Bad Time In Fenway

By JACK HAND

Sid Gordon and his former-Giant buddies are making life tough for their old boss, Leo Durocher. So far, the New York Giants manager looks like a bum David Harum.

Leo traded Gordon, Willard Marshall, Buddy Kerr and Sam Webb to Boston last December for Al Dark and Eddie Stanky. Durocher said he was building "my kind of a ball club." He was willing to sacrifice home run power for a double play combination.

On the evidence at hand, it looks as if a good offense still is the best defense. With Gordon, Marshall and Kerr roughing the Giant pitchers, Boston has swept to a pair of double figure victories.

Gordon, a Polo Grounds hero for years, proved especially embarrassing. Sidney made Leo's face red yesterday with a pair of homers, one with the bases loaded. All told, the Gordon-Marshall-Kerr trio blasted home eight runs in the Braves' 10-6 romp.

TO MAKE matters worse, the Giants defense was conspicuous by its absence. Stanky was the middle man on an attempted double play that got nobody out. It was critical, too. If they'd made the double, Boston would have been retired scoreless in the sixth inning. Instead they posted nine big runs.

Billy Southworth, Boston manager, must have been cheered by the route-going job of Johnny Sain, a major disappointment of 1949. Sain's sweeping curve was breaking neatly through the early innings. Although nicked for 12 hits, he never was in real danger.

While the Braves were polishing off their New York rivals for the second straight, the Red Sox were having trouble with the New York Yankees at Boston.

Joe Dobson pitched Boston's Sox to a 6-3 morning victory in the Patriots' Day doubleheader as Ted Williams hit his first homer of the year. But the Yanks unloaded another big inning—seven runs in the eighth—to cop the afternoon tilt, 16-7, called after the eighth because of darkness.

**TOMMY HENRICH**, the Yanks' old reliable, had himself a time in the second game, driving in six runs with a three-run homer, two singles and a pair of walks. Joe DiMaggio knocked home three with three hits in five trips as Ellis Kinder, winner of 23 games for the Sox last season, was knocked out in the sixth inning.

Gil Hodges boosted Brooklyn into the win column with a homer, two doubles and a single in a 7-5 decision over the Pil-lies. Carl Furillo's two-run homer and rookie Bobby Morgan's three singles were other big guns in the Dodgers' 14-hit attack of Russ Meyer and two successors.

Disappointed by Don Newcombe in Tuesday's opener, Manager Burt Shotton trusted the

second day pitching job to Rookie Clarence Podbielan, a Montreal grad. It worked. The righthander from Sherwood, Ore., turned in a steady job after surviving a shaky first inning.

The Pittsburgh Pirates shaded the Cardinals, 4-3, in a night game at St. Louis. Two errors by third baseman Eddie Kazak in the fifth inning paved the way for two Pirate runs.

The Philadelphia Athletics downed the Washington Senators, 6-1, in the first American League night game of the season before 10,153 fans in Washington. Hank Wyse, former Chicago Cub, and rookie Bob Hooper allowed Washington eight hits.

Those revived St. Louis Browns copied their second straight from the Chicago White Sox, 6-1, with three homers and five-hit pitching from Dick Starr. It was Chicago's tenth straight loss—eight of them in exhibitions.

## Salem Man Finishes 10th In Marathon

BOSTON, April 20 — (AP)—Two tiny Korean schoolboys and a chunkier and more experienced countryman today ranked among the world's top long distance runners after finishing one-two-three in the famed Boston A. A. marathon.

Winner Kee Yong Ham, runner-up Kil Yoon Sing and Yun Chil Choi, who made an exceptional showing in the 1948 Olympic Marathon, completely outclassed 131 rivals yesterday during the punishing 26 miles—385 yards hill course that stretches from little Hopkinton to Boston.

Ham, a 19-year-oldster who attends Yung Chung High school in Seoul, was the first to cross the finish line in 2 hours, 32 minutes, 39 seconds. For a time he threatened to break the course record of 2:25.39, set by his famed countryman, Yun Bok Suh, three years ago.

But little Ham lacked the stamina to negotiate the hills as Suh did in 1947 and he was forced to slow down to a walk so many times during the last five miles that he crossed the finish line

only three minutes 19 seconds ahead of the 20-year-old Song, who ruined his chances by staying too far back during the early stages.

**CHOI, WHO** started as co-favorite with last year's winner, Karl Gosta Leanderson of Sweden, finished in 2:39:47, beating fourth-place John P. Lafferty of Boston, a U. S. Navy aviation machinist, mate stationed at Jacksonville, Fla., by only five seconds.

The last American winner, little Johnny Kelley of Boston, who led the pack home both in 1943 and 1945, was fifth in 2:43:45 but he never bothered the Koreans.

The other first ten finishers in order, were Anthony Madeiros of Medford, Lloyd Baird of Boston, Paul Collins and policeman Ed Romagnoli, both of New York, and Kenneth O'Connell of Salem, O.

The daddy of all the world's marathons, 62-year-old Clarence Demar of Reading, finished in 3:28:13. Demar, a seven-times winner since 1911, was competing in the event for the 30th time.

## Strikes to Spare

A 595 series by Carl "Vic" Field of Amvets 1 was high in the Service Club League Tuesday night. He had high games of 213 and 211. Runnerup in the 1001 was Frank Mounier of Lions 1, who carded 568, while Lee

Shafer of the Jaycees rolled 562. Other leaders were: Bob Dixon, 561; Gordon Scott, 549; Larry Logue, 531; Bloor, 526; Curt Hippley, 523.

## Here's The Pitch

By BOB DIXON

At least one inquisitive Cleveland Indian fan took advantage of the opportunity Tuesday night to question Chet Smith, Pittsburgh Press sports editor, regarding the Tribe's chances this year.

Smith, who toured the 16 major league training camp sites this spring, had watched the Indians at work. Although he said they have a "nice" ball club, he doesn't think they'll take the pennant. Instead, he likes the Yankees and thinks the Indians are too old.

"Did you get a look at Luke Easter," the inquisitive one asked. "And what did you think of him?"

"I don't think he's a major league ball player," Chet said, rather surprisingly. "I think he's a minor leaguer all the way. He simply doesn't move well enough for the big time."

"You may have read the stories that the Indian batting practice hurlers wouldn't give Easter any good pitches because they were afraid of being hit by his wicked line drives. Well, I asked Bob Lemon about that story, inquiring if it was true."

"Lemon snorted and said 'If I couldn't strike that bum out nine times out of 10, I'd quit the game.'"

In the next breath Smith dispelled any thoughts one might have formed about his disliking all Negro players when he praised Tribe Centerfielder Larry Doby.

"There's a real pro," he declared.

"That boy is one classy ball player. He can run, hit, and throw and that just about covers the game. Most fans laugh when Doby's name is mentioned, due to two widely publicized boners he's pulled."

He referred to the occasion when Doby was conked on the dome by a fly ball in 1948 and the time he was out stealing home with one out, the bases loaded and his team trailing the Yanks by more than one run.

"He'll be one of the brightest stars in the league one of these days," Smith promised.

That ended the conversation on the Indians, as Chet prepared for his task of toastmaster at the Booster banquet. He should be an impartial observer of the Tribe, since he's up to his neck daily in the doings of the Pirates.

Even with the sympathy due him for having to watch Billy Myers' clowns all year, that Florida and California sultan he sported didn't seem to indicate that he has the worst job in the world.

## To Arrange Softball Setup At Manager's Confab Friday

City softball league managers of softball commissioners will get down to brass tacks at 7:30 Friday night in the second organizational meeting of the month.

With the decision reached last week to divide the teams into AA and A leagues, the decks are cleared for some constructive work in regard to formulating operating rules.

Division of the 16 teams applying for franchises was made easy

last week when eight said they wanted to play Double-A ball and eight voted to enter the Class A loop. The Double-A teams so far include Mullins, Amvets, The Hub, Sanitary, Electric Furnace, V. F. W., Deming and Bliss.

If those teams are all admitted, the fast league will be filled, since it is to be limited to eight ball clubs. All others playing will be put in the Class A circuit.

The A League applicants to date include: Fisher News, Seely's, Saxons, Winona, Guilford, Peoples Lumber and CIO.

One of the big problems to be confronted Friday night is the method to be used in bringing players up from Class A to Double-A, i. e., a draft rule. It promises to be a ticklish subject and velop before any rule is written, plenty of discussion will be.

The softball commissioners include Joe Reese, Jim Primm and Ray Reasbeck. They have been in "office" for two years and in 1948 wrote rules under which the local teams have been playing. Little change is anticipated in the league operation from last season. Contract regulations will probably be identical, and all 1949 contracts will carry over to the new season.

Kelley asked that all managers of the above-named teams attend the meeting, along with others who desire to enter the city leagues.

## Saltzman Optioned To San Diego By Tribe

CLEVELAND, April 20—(AP)—The Cleveland Indians today, optioned Hal Saltzman, rookie right-hand pitcher, to San Diego on 24-hour recall.

Saltzman, 25, will be returning to the Pacific Coast league. Last season he won 23 and lost 13 for Portland. Cleveland gave up five players to get him from Portland.

During the Indians' spring training season, Saltzman was hampered by sore back muscles and appeared in only 19 innings of exhibition baseball. The Cleveland club said he was in good physical condition now.

## Youngstowners Place In ABC

### Take Fifth In Team Event; Doubles Upped

COLUMBUS, O., April 20 — (AP)—Two teams, four pairs of doubles, one individual and two all-events changes resulted in the fifth day of bowling in the ABC tournament here yesterday.

Taylor's Stag Bar of Chillicothe, O., tallied 2808 for second in the team event; Ohio Valley of Youngstown, O., had 2772 to take fourth.

Charles Caspari and Ed Gajkowski of Milwaukee, Wis., had 1294 for first in doubles; John Elzeer and Nick Fish of Ashtabula, O., hit 1253 for third; Howard Anderson and David Swartz of Chicago did 1236 for fifth and Paul Coss and Henry Lilienthal of Cambridge, O., smacked 1224 for sixth.

In the individual event Don Shriver of Findlay, O., scored 657 for fifth. All-events changes found Si Bickel of Norwood, O., doing 1813 for 5th and Paul Coss, Cambridge, O., 1812 for sixth.

The standings:

**TEAMS**  
Harry's Men's Wear, Norwood, O., 2858  
Taylor's Stag Bar, Chillicothe, O., 2808  
Bill's Five, Elmira, N. Y., 2802  
Ohio Valley, Youngstown, O., 2772  
John E. Mantey Co., Realtors, Norwood, O., 2764

**DOUBLES**  
Charles Caspari-Ed Gajkowski, Milwaukee, 1294  
Carl Ray-John Strobel, Milwaukee, 1266  
John Elzeer-Nick Fish, Ashtabula, O., 1253  
Charles Cahill-Chester Miller, Cincinnati, 1252  
Howard Anderson-David Schwartz, Chicago, 1236

**SINGLES**  
Frank Lopresti, Birmingham, Mich., 656  
John Strobel, Milwaukee, 679  
Michael Liberati, Binghamton, N. Y., 677  
Walter Thoren, Brooklyn, 676  
Don Shriver, Findlay, O., 675

**ALL-EVENTS**  
John Strobel, Milwaukee, 1847  
Dudley Smith, Pleasant Beach, N. J., 1820  
Edward Fontana, Binghamton, N. Y., 1818  
Roy C. Sweeney, Charleston, W. Va., 1817  
Si Bickel, Norwood, O., 1813

## Red Wings-Rangers Go Into Fifth Game

DETROIT, April 20—(AP)—The previously rated underdog, the ambitious New York Rangers will clash with the Detroit Red Wings tonight in the fifth game of the Stanley Cup hockey finals. Each team has two victories.

The Rangers, having gone farther in the series than they or anyone else expected, will shoot the works.

The New York team out-hustled and out-fought the Red Wings Tuesday night to win in overtime 4-3. The Wings twice blew a two-goal lead.

## All-Stars, Trotters End Their Cage Tour

WASHINGTON, April 20 — (AP)—A fabulously successful basketball tour ended last night when the Harlem Globetrotters defeated the College All-Stars 77-64 in the finals at Uline arena. But Promoter Abe Saperstein says he'll be back next year and the years after as long as the fans want what he calls "the world series."

The 18-day series started on April 2 at Chicago, went to the West Coast and thence to New England and wound up here.

The series, which saw the Trotters defeat the All-Stars 11 games to seven, set basketball attendance records in Cleveland, Indianapolis, San Francisco, Denver, Cincinnati and Washington.

REIGN ON ROLLERS—Ken Byrne, left, and Jean Phethan practice at Wembley's Empire Pool, hard by London, where they were to defend their European roller skating championships. They also hold the world titles.

## Williams Pessimistic Over Hitting; .400 Unthinkable

BOSTON, April 19—An unusually somber Ted Williams preached pure, unadulterated pessimism today.

"The pitching gets better and better every day," wailed the lanky Red Sox outfielder, "and I'm not especially confident about my hitting this year."

"Frankly, I don't expect to win the batting championship. Look at the odds! They're all against me. Don't forget there are 15 or 20 other top hitters in this league. I'm only one among a couple of hundred. Right now, I'd settle for the same record I had last year—and be glad of it, too."

Peeling off his street clothes in the Boston clubhouse, the tanned, trim-looking Williams bore no vocal resemblance to the same stringy slugger who walloped 43 homers last year, drove in 159 runs and barely lost the batting crown with a lofty .3427 percentage.

"Everywhere you look there are great pitchers," Ted said, shaking his head. "Guys like Bob Lemon, Freddie Hutchinson, Joe Page, Allie Reynolds, yes, even Bob Feller. They say he's slipping, but he's still plenty tough for me."

"I have to laugh," he added, "when some people ask me whether I'll ever hit .400 again. That's so far out of reach that I never think of it anymore. Maybe if they didn't shift for me like they do, I might have a better

chance for .400. But as it is now, it's impossible... for me anyway."

**WILLIAMS REACHED** into the locker for a new, dark blue cap and carefully creased the brim. He put the cap on his head and tugged at it until it fit satisfactorily.

"You know," he said, reflectively, "I'd like to defeat that shift they work on me, but it's tough. Have you noticed how they're shifting for some of the other hitters, too?"

"I can't afford to hit to left field a whole lot because I'm a pull hitter and my power is to right. Maybe when I get older I'll start hitting to left field more. I dunno."

When it comes time to quit baseball, Williams won't require any hints.

"No siree," he chortled. "No one will have to edge me out. I'll know when it's time. Another three years and I'll have enough," he insisted. "There's not much sense going on after 35. I'd quit sooner but there are a lot of things that I have to straighten out."

Williams buttoned his shirt, grabbed his glove and moved out toward the field. His appearance in the batting cage touched off a raucous round of applause from the fans in Fenway Park.

Boston's prize pessimist hardly seemed to notice.

## Classy Field In Mansfield Meet

### Expect 100 Schools In Saturday Relays

MANSFIELD, April 20—(UP)—A classy array of schoolboy thinclads from three states was lined up today for the 18th Mansfield Relays which get underway tomorrow and end Saturday.

Harry E. Mehock, Mansfield High School athletic director and chief of the cinder carnival, expects about 1,000 entries from close to 100 schools in what promised to be the biggest post-war field yet.

Top performers who will see action include Ray Palmer of Cleveland West Tech, the 1949 Michigan High school mile champ, Ken Mischal, Cleveland Central's star hurdler, and Dick Shurko of Cleveland John Marshall, who turned in a time of 51.8 in the 440-yard dash indoors.

Among the returning stars from last year's relays will be Akron Buchtel's up-and-coming pole vaulter, Bob Phelps, who won his event last year with a mark of 11 feet, six inches. He raised that to 12-7 1/2 in winning the Akron city title.

Buchtel Coach Dave Appleby believes Phelps can clear 13 feet this season and may even take a shot at Johnny Linta's schoolboy world record of 13-9 1/2, set in 1939.

Mansfield's own A. C. Jenkins will be back to defend his title in the 220-yard low hurdles. Jenkins also ran second in the 120-yard high hurdles last year, and was on Mansfield's winning team in the 480-yard shuttle hurdle relay.

Charles Blabolil of Cleveland West Tech will defend his last year's mark of 48 feet, 1 1/2 inches in the shot put. This record is due to fall before the combined

## Track Meet Off

The scheduled track meet this afternoon between Salem and Louisville High was postponed by the latter school, due to their inability to hold enough outdoor workouts.

The Salem-Boardman meet, slated for Tuesday, was cancelled earlier in the week. Coach Frank Tarr has hopes of working in a practice meet with Springfield Township High tonight or Friday.

attack of Blabolil himself, Earl Putman of Cincinnati Hughes, Ken Snider of Mansfield and Joe Morgan of Marie-Mont.

Morgan, who tossed the shot 53-8 1/2 at the Springfield relays last week, hopes to better the Mansfield Relays record of 54 feet set in 1940 by Fremont's Bob Shaw. Putman and Snider, incidentally, probably are the two biggest schoolboy shot putters in the nation, both of them tipping the scales at upwards of 300 pounds and towering well over the six-foot mark.

Rated as the top teams in the field are Mansfield, Cleveland, East Tech, Cleveland Central and Cincinnati Central Vocational, Mansfield, defending team, won the Springfield

Relays and the Tri-State indoor meet.

If inspiration is needed, the marks of past greats are still there to shoot at. The incomparable Jesse Owens hung up three of them—9.6 seconds in the 100-yard dash, 21.3 seconds in the 220, and 23 feet, three inches in the broad jump—while he was at Cleveland East Tech.

Harrison Dillard, another product of East Tech, set the record time of 24.5 seconds in the 220-yard low hurdles in 1940.

Akron North holds the record for the four-mile relay with a time of 19 minutes, 25.2 seconds, set in 1948.

To the winners will go the glory of winning and trophies worth an estimated \$1,000.

## Hunting, Fishing

Creel census takers of the Wildlife Division stationed on a number of Ohio's lakes and streams where restrictions of closed seasons, bag limits and minimum lengths have been removed, report poor fishing throughout Ohio for the week of April 2-8 due to cold weather.

Reports of the fish management section's census takers show that Buckeye Lake provided the best fishing with fishermen averaging 1.1 fish per hour. The catch consisted of 55% yellow perch, 23% bluegills and 11% crappies.

At Guilford Lake in Columbiana County fishermen averaged .9 fish per hour made up of 69% crappies, 12% bluegills and 11% bass. All other lake reports ranged from 1 fish per hour for each fisherman down to .1 fish per hour.

E. L. Wickliffe, chief of the Fish Management Section, stated this week that fishing generally cannot be expected to improve until the water warms up considerably. Fishing should be much better following the first warm rain.

## Board Honors Lindesmith

### Resolutions Honor President's Memory

LISBON, April 20—The Columbiana County Board of Education met in its offices in the courthouse Tuesday evening and adopted resolutions of respect to the memory of the late W. B. Lindesmith, president of the board who died at his home in Hanoverton Monday evening.

A successor to serve the unexpired term of Mr. Lindesmith, will be appointed by the board within the near future.

Ben Weingart, vice president, presided over the meeting at which a discussion of surplus food and products was held. Arrangements are being made to procure deep freeze lockers for the storing of certain surplus foods at the end of the school term, and Supt. J. L. McBride has requested instructions from Columbus with regard to disposition of products such as potatoes or fruits on hand in school cafeterias at the close of the school year through county welfare or other means.

Supt. McBride also reported to the board on the recent county-wide meeting of teachers held in the high school here, at which a committee was appointed for the study of salary revision schedules. The committee appointed includes teachers, board clerks, and one member from the county board of education.

A county education council composed of six school principals, representing 26 principals in the county system, was appointed by Supt. McBride for the purpose of conferring with his office as to problems in their respective districts.

The committee, which will serve during the remainder of the school year and be replaced by elected representatives for the

next school term, are: Chairman, Maynard Fallow, New Waterford school; Mrs. Alice Wollam, Oak Grove; Joseph Gerlach, Elkton; Fred Hofer, Negley; Luther Woodall, Winona, and M. C. Coy, East Rochester.

### Today 49th Anniversary Of Salem's Big Snow

Today is April 20, 1950, and spring flowers and shrubs are bursting into bloom. Lawns are turning green and the skies are generally clear. It is quite a contrast to the scene in Salem 49 years ago today.

On April 20, 1901, to be exact, local residents found themselves floundering in a 15-inch snowfall, which had begun early April 19. Snowplows, which had been stored away for the summer, were dragged out and put to work, but met with little success, so wet and heavy was the fall.

The snow prevented many people from reaching work and many places of business were idle. Every house in the city was in danger of collapsing due to the heavy crushing weight of snow on the roofs.

Several roofs did crash in and several narrow escapes by building occupants were reported.

Railroads, street cars and even horse transportation was tied up for several days.

The Salem Daily News reported that "the oldest inhabitant could not recall anything like it in Salem."

Now, do we hear anyone complaining about a little rain?

## Truman

(Continued from Page 1)

reviles the United States as a nation of "war-mongers" and "imperialists." You and I know how absurd that is.

"We know that the United States is wholly dedicated to the cause of peace. We have no purpose of going to war except in defense of freedom."

"Our actions demonstrate that we mean exactly what we say. But when men throughout the world are making their choice between communism and democracy, the important thing is not what we know about our purposes and our actions—the important thing is what they know."

In Berlin, in Czechoslovakia, in the Balkans and in the Far East, the President charged, the Russians and their allies "have proved, time after time, that their talk about peace is only a cloak for imperialism."

The President said he had asked Secretary Acheson to take action to "improve and strengthen our whole range of information and educational services."

LANDING AT IDLEWILD AIRPORT, New York, the first jet-propelled airliner (top) to fly over the U. S. arrives from Toronto, Can., covering the 400-mile trip in 58 minutes. At bottom (l. to r.) are the crewmen: Mario Pesando, Bill Baker, Don Rogers and Michael Cooper-Slipper. Only ship of its type in the Western Hemisphere, the Avro was built with public and private funds at a cost slightly under \$10,000,000.

### Precinct Judges Get Primary Instructions

The Columbiana county election board mailed notices today to 564 men and women who will serve as precinct judges and clerks for the May 2 primaries.

The county has 121 voting places, each staffed by six persons. Three are appointed from each major political party.

In addition to the formal notices to report for duty, the envelopes carried detailed instructions on ballot counting and other procedure. The mailing was so bulky that each envelope required six cents postage, Clerk Frank O'Hanlon said.

Meanwhile, the board has issued 35 absentee ballots for the primaries. The ballots may be issued through April 27 and must be back in the board's hands by noon April 28.

Disabled voters' ballots became available Monday, but so far none has been issued, although some persons have obtained applications, Mr. O'Hanlon said.

## Lattimore

(Continued from Page 1)

ial Communist newspaper in this country Budenz said he attended meetings of the U.S. "Politburo" and was constantly kept informed by it.

He identified the "Politburo" as the heart of the Communist movement in this country and said it was now known as the "National Board of the Communist Party."

The "Politburo," he said, received its instructions from a representative of the Communist Internationale who in turn got his orders from Moscow.

"The Communist party is set up not on a democratic but a conspiratorial basis," he said, adding that it dealt in espionage as well as conspiracy.

He said a liaison representative from the "Politburo" kept in touch with him "almost hourly."

As managing editor of The Daily Worker, he explained, he received instructions to do. Part of his job, Budenz said, was virtually to memorize a list of some 1,000 names of persons identified with the party.

This list, he said, was not put down in writing for fear it might be disclosed.

"I was required to keep it fresh in my mind," Budenz said.

The names, Budenz continued, included those of persons who were being "infiltrated" into various organizations. He said he was not advised of the "small fry," but only of the "large-sized names."

He mentioned in this connection that infiltration was directed at the wartime Office of Strategic Services.

### Berea Driver Injured In Route 14 Collision

A Berea man was slightly injured in an accident at 8:13 p. m. Wednesday at the junction of Routes 7 and 14 in the only highway mishap investigated Wednesday by state patrolmen of the Salem barracks.

William R. Durrett, 32, of Berea received minor lacerations of the head and bruises of the arm when he drove his car into the rear of a semi truck-trailer driven by Ralph Sheffler, 22, of Waynesboro, Pa.

Sheffler was stopped on Route 14, headed west, waiting for the traffic light to change when Durrett failed to stop behind him, patrolmen said. The front end of the car was demolished and the rear of the truck was slightly damaged.

ANOTHER GENERAL DIES MOSCOW, April 20—(AP)—Lt. Gen. Viktor Grigorievich Nasedkin, a high official in Russia's ministry of internal affairs, died here today.

## Some Changes In Food Prices

### Meat Cuts Climb; Vegetables Unsteady

By the Associated Press  
Beef, pork and lamb prices appeared to be headed for small increases late this week as heavier demand strengthened wholesale quotations.

Veal, poultry and egg prices were steady. And on produce shelves, price changes from last weekend were well mixed.

Lettuce was higher as unfavorably hot weather in Arizona trimmed shipments. Vegetable wholesalers said increasing receipts from California might soon put new pressure on prices, however.

Spinach was up sharply in many places, reflecting a shortage resulting from last week's cold weather in Virginia and other important growing areas. Also higher were tomatoes, new cabbage, asparagus, beets and broccoli.

Snap beans declined as the quality of most new supplies turned irregular. Cucumbers, mushrooms and radishes also were lower. Louisiana strawberries, late this year, also were down price-wise and market sources said their quality and color had improved considerably in the last few days.

Also lower were onions—both the old and new crops. The Agriculture Department topped its list of most plentiful foods this week with onions and urged all food distribution channels to stress the commodity during the week beginning today to help stimulate demand.

The Dun & Bradstreet wholesale food price index this week fell to \$5.73 to equal the year's low posted for the week of Jan. 3. The figure represents the total cost at wholesale of a pound each of 31 foods in general use. Last week it was two cents higher, and a year ago it was five cents lower.

### Despite Short Range, Stratojet Is Favored

WASHINGTON, April 20—(AP)—The Air Force has put a 600-mile-an-hour jet bomber at the top of its buying list and intends to keep it there next year. The favored plane is a B-47 Stratojet, which has just begun to come off the Boeing Aircraft Company's production line at Wichita, Kas.

Its speed, far above that of the B-36 intercontinental bomber, is counted upon to provide increas-

BERNARD J. SMITH, JR., 24 Fair Haven, Vt., smiles happily on being released from Vermont debtor's jail at Rutland, where he had been confined since April, 1949, for failure to pay \$3,000 traffic death judgment.

ed protection against interception by fighter planes. The jet bomber's range, however, is only a fraction of that achieved by the B-36 with its piston engines.

While the combat radius of the B-36 is listed officially at 5,000 miles, that of the Stratojet is placed only at "more than 1,000 miles."

The U. S. Department of Agriculture says that two American hens now average as many eggs as three 25 years ago.

## Men Lost In Baltic Voted Decorations

WASHINGTON, April 20—(AP)—The senate late yesterday voted decorations to the 10 men lost in the Baltic plane incident.

The action was taken without dissent on the motion of Democratic Leader Lucas of Illinois who called the loss of the U. S. Navy plane and its crew "a ruthless action by barbarous forces."

It followed a flurry of angry criticism of Russia on the Senate floor and a sharp retort at the state department to a Russian claim that the American plane was lost on a mission of deliberate provocation against the Soviet Union.

In a statement released with the note, the department said the Russians apparently had decorated the Red aviators responsible for the attack.

The senate resolution to award decorations to the American fliers now goes to the house.

## Seek Bids By May 9 On Berlin Dam Work

PITTSBURGH, April 20—(AP)—The district army engineer's office invited bids today for construction work on the Berlin dam near Deerfield, O.

The bids will be opened May 9. Work on the dam includes excavation, pipe and drain construction and other work in connection with paving parking areas and approach roads.

## Bromfield Favors Specialized Farming

The traditional kind of general farming advocated by Midwest agricultural schools is obsolete, according to Author-Farmer Louis Bromfield.

Bromfield cites experience gained on his Malabar farm near Lucas, O., to show farming which involves four to five-year rotation of wheat, oats, corn and

grass means too much work for too little money.

His advice to farmers is to select the special kind of farming they want to do, then do it well.

Declaring that a general farm, including beef and dairy cattle, hogs, sheep, chickens and a high degree of self-sufficiency, undeniably had its virtues in the 19th century when time and labor were cheap and little planning was necessary, Bromfield says:

"It was necessary on the frontier—and it was justified during the period when agricultural ex-

perts sought to break down the old, greedy, cash-crop pattern of farming.

"But it no longer fits into the pattern of our times. We now live in a country which is highly industrialized. Our agriculture is highly mechanized. Distribution is widespread and at least mechanically efficient. In these circumstances, total self-sufficiency is out of place and perhaps even an economic mistake.

Vitamin B12 is used in treating pernicious anemia.

in half, and mold the mixture in individual molds.

### Egg Salad Loaf

8 hard cooked eggs  
2 tablespoons plain, unflavored gelatin  
¼ cup cold water  
1½ cups mayonnaise  
2 tablespoons lemon juice  
1 teaspoon salt  
1 cup chopped celery  
¼ cup chopped green pepper  
2 tablespoons chopped chives (if liked)  
¼ cup pickle relish  
2 tablespoons pimento  
½ cup cream, whipped  
Hard cook eggs, shell and dice. Soften gelatin in cold water. Let it stand five minutes. Dissolve by holding over hot water. Blend a portion of mayonnaise into it, and in turn, stir the small amount into the large. Add lemon juice, salt and remaining ingredients. Add eggs, blend ingredients thoroughly. Fold in cream last. Taste to make certain seasoning is perfect. Turn into molds rinsed with cold water. Chill until firm. Serve on salad greens. Garnish with sliced cucumber, radish roses, and celery curls.

Here is the recipe for Daffodil cake.

### Daffodil Cake

1 cup egg whites (8 to 10)  
4 egg yolks  
1 cup cake flour  
1½ cups sugar  
½ teaspoon salt  
1 teaspoon cream of tartar  
½ teaspoon orange extract  
½ teaspoon vanilla  
Wipe out an eight-inch angel food cake pan. Preheat oven to slow heat, 300 degrees.

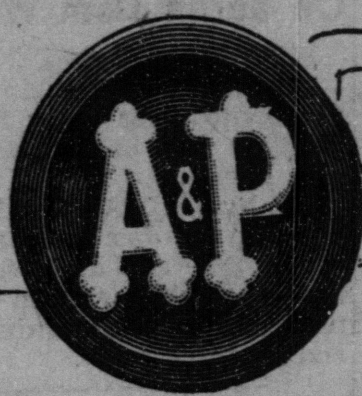

Separate eggs and put one cup egg whites into a large bowl and four egg yolks into a smaller bowl. Let stand until at room temperature. Sift flour, measure and sift several times with three fourths cup of the sugar in the recipe.

Add salt to egg whites and beat to a froth. Add cream of tartar and continue beating until eggs stand up in peaks, yet are soft and satiny looking. Add the remaining half cup of sugar to them gradually and beat it in as it is added. Set whites aside, quickly beat yolks and beat orange extract into them.

Sift flour and sugar mixture into egg whites gradually, folding it in as it is added. Continue until all flour is used. Fold a little less than half the egg white batter into the egg yolk. Fold one-half teaspoon vanilla into whites and yolks into the pan until all the batter is used. Bake in preheated oven, 300 degrees, until firm or cake shrinks from the sides of the pan and is nicely browned, about one hour. Let cool in pan. Serve plain, or frost with orange cream frosting. Garnish with candied orange rind.

**New Life For Leftover Cake**  
Here's a trick dessert that finishes the last few pieces of Sunday's cake. Cut the cake into small cubes and place in upper part of a double boiler. Cover and steam over boiling water for about ten minutes. Serve topped with crushed pineapple and whipped cream or with chocolate sauce.

THE HUMBLE DONUT becomes a teen-ager's treat.

## Donut Gets The Teen-Age Vote

AMERICANS seem to be eating the hole right out of the donut. During 1941 we ate only 400 million dozen. But in 1949, we gobbled more than 100 million, 85 per cent of them sugared, glazed or frosted.

How come this increase? Teen-agers seem to be the answer. Biggest upswing in donut sales during postwar years is reported by luncheonettes, soda fountains and restaurants located near high schools.

Owners of these campus eateries report mid-morning, afternoon and late evening as the "donut hours."

Here are some teen-age favorites—slightly dizzy, but the campus choice.

### Chiquita Donut

Teen-agers are notorious for their capacity for gobs of whipped cream. Here's a suggestion for combining it with donuts and bananas.

Mash ripe bananas, add milk and whip thoroughly. Line bottom of dish with banana whip, add whole donut; fill donut center and cover top with more banana whip. Then, for that young touch, sprinkle chocolate shavings over the top.

### Donut Charlotte Russe

Four donuts, ½ pint of heavy cream, whipped, ¼ cup currant jelly.

Top each donut with whipped cream. With back of spoon make a hollow in whipped cream; fill with currant jelly.

### Donut Ice Cream Man

Sure is "kid stuff," but the 13-18-year-old appreciates its laugh value.

Place a big ball of vanilla ice cream on top of a plain or sugared donut. Then add a jaunty hat by scalloping a plain donut and pushing a delicious candy stick through the whole thing. Use chocolate bits for lifelike eyes and nose.

### Donut Highland Fling

Here's a somewhat simpler teen set favorite.

One cup butterscotch sauce, 4 fresh donuts, 1 small can pecan meats. Pour butterscotch sauce over donuts. Sprinkle with pecan meats and serve with glasses of milk.

### Bits Donuts Sandwich

A two-in-one idea, elaborate enough for the most imaginative teen-ager, but quick and easy to prepare.

Reserving 2 dozen whole chocolate bits, melt remaining con-

ments of package over hot water. Add 1/3 cup evaporated milk and stir until glossy. Stir in 8 marshmallows which have been cut in eighths. Split 8 sugared donuts. Spread bits and marshmallow mixture on one-half of each donut and place halves together to form a sandwich. Place donuts on waxed paper until chocolate has set. Serve with milk.

(Copyright 1950 by NEA Service)

## After-School Snacks

WHEN your small fry come romping in with friends after school there's not much use to tell them they shouldn't have snacks or they'll spoil their dinner. Their appetites are hearty and bounce back much faster than an adult's. You know, too, that it's as much the idea of having a bite to eat as any real hunger need that prompts their asking for food the minute they get in the house. So, plan to give them something that will be nourishing, not too rich, yet sweet enough to appease them.

These cereal candy squares will fill the bill. They're sweet and munchy and they'll stay crisp and fresh for days. Do them once with the plain marshmallow syrup; vary them with some of the suggestions below for other batches.

**Cereal Marshmallow Squares**  
¼ c butter of margarine  
½ pound marshmallows  
5 c oven-popped rice cereal

Cook butter and marshmallows over hot water until syrupy. Beat thoroughly. Put cereal in greased large bowl and pour on marshmallow mixture, stirring briskly. Press into greased shallow pan. Cut into squares when cool.

Yield: 24 2½-inch squares (9x13-inch pan).

### Variations:

**Spice Marshmallow Squares**—Stir 1 teaspoon cinnamon or ¼ teaspoon ginger into marshmallow mixture just before pouring over rice cereal.

**Chocolate Bits Marshmallow Squares**—Stir in 1 cup chocolate bits just before pressing the mixture into the pan.

**Peanut Butter Marshmallow Squares**—Stir 2 tablespoons peanut butter into marshmallow mixture just before pouring over rice cereal.

**Peppermint Stick Marshmal-**

## Vary Meals With Biscuits

### Quick Raisin Biscuits

**Ingredients:** 2 cups sifted all-purpose flour, 4 teaspoons baking powder, 1 teaspoon salt, ¼ cup sugar, 1 teaspoon cinnamon, 1/3 cup shortening, ¾ cup seeded raisins, ¼ cup chopped preserved citron, ¼ cup milk.

**Method:** Sift flour, baking powder, salt, sugar and cinnamon together; cut in shortening with pastry blender or two knives or rub in with fingers until particles are minute. Rinse raisins in hot water, drain and chop with knife. Add raisins and citron to flour mixture. Add milk gradually, mixing thoroughly. Roll dough on lightly floured board to ½-inch thickness. Cut into 2½-inch rounds and place on greased baking sheet. Bake in hot (425 F.) oven about 20 minutes, or until lightly browned. Serve hot. Makes about 10 to 12 biscuits.

### Spicy Peach Bran Muffins

**Ingredients:** 24 canned cling peach slices (about 1½ cups), 4 tablespoons firmly packed brown sugar, 1 cup bran, ¾ cup milk, 1 egg, 2 tablespoons melted butter or margarine, 1 cup sifted all-purpose flour, ¼ cup granulated sugar, 3 teaspoons baking powder, ½ teaspoon cinnamon, ½ teaspoon salt.

**Method:** Drain peaches. Place a teaspoonful of brown sugar in

bottom of each of 12 well-greased muffin pans. Top with 2 peach slices. Mix bran and milk and let stand about 5 minutes. Mix in lightly beaten egg and shortening. Sift together flour, sugar, baking powder, cinnamon and salt and add to bran. Stir only until dry ingredients are moistened. Place spoonfuls of batter over peaches in muffin pans and bake in hot (400 F.) oven 25 to 30 minutes. Invert pans to remove muffins. Makes 12 medium-sized muffins.

### RAISIN-SPICE DROP BISCUITS

2 cups sifted enriched flour  
1 tablespoon baking powder  
¾ teaspoon salt

**Method:** Sift flour, baking powder and salt. Cut in lard, using pastry blender until fat particles are tiny. Add milk gradually, using just enough to make a soft dough. Turn out onto lightly floured pastry cloth. Knead just enough (about 6 times) to shape. Divide dough into half. Pat or roll each piece to ½-inch thickness. Cut into diamond shapes. Sprinkle with grated cheese. Place about ¼-inch apart on baking sheet. Bake in hot (450° F.) oven about 15 minutes. Makes about 25 biscuits.

**WHERE U. S. LIFE RAFT WAS FOUND.** Map symbol locates Baltic Sea area east of Stockholm, Sweden, where the British freighter Beechland, picked up a derelict American life raft. A U. S. Air Force spokesman said he believed that the raft is part of the escape equipment of an American Navy Privateer plane that vanished mysteriously April 8. The area where the raft was found is 200 miles north Lapaya, Latvia, where Russia said Tuesday a gunfight took place between an American bomber and a Soviet fighter.

### FRY LEFTOVER CEREAL

Pour leftover cereal into a small oiled refrigerator pan. Chill in refrigerator. Next day slice into half-inch slices, and saute on both sides in hot fat until golden brown. Serve with syrup and butter.

## Pick Your Salad

COOL, crisp and colorful" are the words to describe this delicious spring salad which unites crisp, spicy red Winesap apples and cool green cucumbers, tosses the two with mayonnaise

and adds a light accent of lemon juice. Ideal for luncheon service, this salad also provides desirable texture and taste contrast with fish or meat entrees. Since the apple flavor is of special importance in salads, be sure to choose a variety like the bright red Winesap apple, which is all-purpose and has a tangy, distinctive flavor that makes for top eating. Growers recommend using these red apples unpared, for color as well as eating enjoyment, and the cucumbers may be pared or not, as you prefer.

TO GET THE BEST, ASK FOR—

## FLAKORN CORN MUFFIN MIX

Only good food tastes good. Corn muffins made with Flakorn are delicious because they are made from finest quality ingredients. No other corn muffin mix has been able to equal the quality of Flakorn. Compare.

**Springtime Salad**  
2 red Winesap apples  
1/2 large cucumber  
3 tbsps. mayonnaise  
2 tbsps. lemon juice  
1/4 tsp. salt  
Paprika

**Fruit Salad Topper.** Mash cream cheese with a fork and stir in grated red Winesap apples, adding the fresh apple juice to soften the cheese slightly. Form cheese into small balls, roll in shredded coconut and chill. Delicious with fresh or molded salads.

**Ginger Pear Salad**  
1/2 cup water  
1 cup brown sugar  
1/2 lemon, sliced  
1 teaspoon ground ginger  
4 whole cloves  
4 fresh, ripe pears; pared, halved, cored.  
1 1/2 cups cottage cheese  
Method: (1) Combine water, sugar, lemon, ginger and cloves in a saucepan. Bring to a boil and boil for 5 minutes. (2) Add pear halves to syrup, cover and simmer until tender. (Turn pears in syrup occasionally during cooking time.) (3) Cool, occasionally spooning syrup over pears. (4) Place drained pear halves on lettuce. Top with cottage cheese.

**Avocado and Crabmeat Salad**  
Ingredients: 2 avocados, lemon juice, salt, salad greens, 1 1/2 cups flaked crabmeat, 1/2 cup mayonnaise or creamy type salad dressing, 1/2 cup finely diced celery, 1/4 cup finely diced radishes, 2 teaspoons lemon juice, dash tabasco sauce, 1/4 teaspoon Worcestershire sauce.  
Method: Cut avocados into lengthwise halves and remove seed and skin. Cut each avocado half in two again lengthwise. Sprinkle with lemon juice and salt. Arrange 2 avocado quarters on salad greens on 4 salad plates. Top with crabmeat. Mix mayonnaise or salad dressing with celery, radishes, lemon juice, tabasco and Worcestershire and spoon over salads. Makes 4 servings.

### Out Of Jam And Jellies?

IF THE SUPPLY of homemade Jam and jelly is almost gone, make some tasty spreads from canned and dried fruits. Make luscious grape jelly from canned grape juice, golden apricot jam from dried apricots, or a pineapple conserve with crushed pineapple and chopped nuts. These are but a few of the many possibilities.

For cooking jams and jellies in small quantities, use a large saucepan. The following recipe uses dried

apricots and canned pineapple to make a delightful jam for hot breads or pancakes:

**Apricot and Pineapple Jam**  
1/4 pound dried apricots  
2 cups water  
1 No. 2 can crushed pineapple

7 cups sugar  
1 bottle liquid pectin  
Placed dried apricots in 4 quart sauce pan. Add water, cover and let stand over night. Drain and chop fruit fine. Return to kettle with juice. Add pineapple and sugar and mix well. Bring to a

full rolling boil over high heat, stirring constantly. Boil hard one minute. Then remove pot from fire and stir in liquid pectin. Stir and skim for 5 minutes. Pour quickly and cover with paraffin at once. Makes about 11 glasses of jam.

**HOUSEHOLD HINTS**  
Cornmeal, salt, or talcum powder should be worked around a fresh ink spot on a rug until it is absorbed.

Stains made from medicines often can be removed with hot

water or wood or denatured alcohol.

Sometimes glue can be removed by soaking the stain in warm water. White vinegar also may be used.

## Coming? I'll Bake A Cake

Have proper oven temperature for cakes and pastries.

**Quick-Mix One-Egg Cake**  
Ingredients: 1½ cups sifted cake flour, 2 teaspoons double-acting baking powder, ½ teaspoon salt, 1 cup sugar, ¼ cup quick-mix shortening, ¾ cup milk, 1 teaspoon vanilla, 1 egg.  
Method: Sift flour, baking powder, salt, and sugar together into mixing bowl. Add shortening, ½ cup of the milk and vanilla; beat for 2 minutes on low to medium speed with electric mixer or 300 strokes with mixing spoon by hand. Add remaining ½ cup milk and egg and continue beating for 2 more minutes or 300 strokes by hand. Pour into buttered 8x8x2-inch square pan and bake in moderate (350 F.) oven for 30 to 35 minutes.

**Banana Ginger Cake**  
Ingredients: 1 8- or 9-inch square cake made from cake mix, 1 cup cream (whipped, sweetened and flavored with vanilla), 2 tablespoons finely diced preserved or candied ginger, 2 to 3 bananas, lemon or orange juice.  
Method: Split cake in half with serrated knife, using a sawing motion. Fold ginger into whipped cream. Slice bananas and sprinkle with lemon or orange juice to prevent discoloration. Spread bottom layer of cake with about one-half of whipped cream; cover with banana slices. Adjust top layer, spread with remaining cream and garnish with remaining banana slices.

**Fudge Cake**  
3 ounces chocolate  
¾ c boiling water  
1½ c sifted cake flour  
1½ c sugar  
¾ t salt  
¾ t baking powder  
¾ t baking soda  
¾ c shortening  
1/3 c thick sour milk

**Broiled Peach Cake**  
Ingredients: For cake—1½ cups sifted all-purpose flour, 2½ teaspoons baking powder, ¼ teaspoon salt, 1 cup sugar, one-third cup shortening, two-thirds cup milk, 1 egg, 1 teaspoon vanilla. For topping—1 cup canned cling peach slices, 2 tablespoons butter or margarine, ½ cup brown sugar (firmly packed), 2 tablespoons cream.  
Method: For cake—Sift flour, baking powder, salt and sugar into large mixing bowl. Cut in shortening until particles are very fine. Add milk, egg and vanilla. Stir with spoon to mix, then beat with rotary beater

about 1 minute, or until batter is smooth. Pour into greased 8-inch square cake pan. Bake in moderately hot (375 F.) oven about 30 minutes. For topping—Drain peach slices thoroughly. Blend butter or margarine, sugar and cream; spread on top of hot baked cake. Arrange peach slices over sugar mixture. Place under broiler, watching carefully until topping bubbles and browns. Makes 8 servings.

**Banana Ginger Cake**  
Ingredients: 1 8- or 9-inch square cake made from cake mix, 1 cup cream (whipped, sweetened and flavored with vanilla), 2 tablespoons finely diced preserved or candied ginger, 2 to 3 bananas, lemon or orange juice.  
Method: Split cake in half with serrated knife, using a sawing motion. Fold ginger into whipped cream. Slice bananas and sprinkle with lemon or orange juice to prevent discoloration. Spread bottom layer of cake with about one-half of whipped cream; cover with banana slices. Adjust top layer, spread with remaining cream and garnish with remaining banana slices.

**Tonic—Rhubarb Cobbler**  
Bright, colorful stalks of rhubarb displayed in the grocery store are a sure sign of sunny days ahead. And, with visions of delightful desserts for the family, few women can resist putting a bundle of the pink stalks into their market baskets.

A rosy rhubarb pie is, of course, a sure family favorite. But equally popular will be a delicious cobbler which looks pretty and tastes wonderful. The cobbler recipe below is old-fashioned enough to please Grandfather. But it has a hint of new flavoring to make it a bit unusual, too. Bake the pudding in a pan and serve at the table right from the pan. There probably won't be a bit of the dessert left over, but if there is, store it in the baking pan and reheat next day.

**Rhubarb Cobbler**  
3 cups rhubarb, cut in 1-inch pieces  
¾ cup granulated sugar  
1 tablespoon flour  
½ teaspoon cinnamon  
¼ cup orange juice  
¼ cup butter or margarine  
½ cup flour  
½ cup quick-cooking oatmeal  
½ cup brown sugar  
2 teaspoons grated orange rind  
Mix together the rhubarb, granulated sugar, 1 tablespoon flour and cinnamon. Arrange evenly in bottom of a 2-quart pudding pan. Pour orange juice over the mixture. Cream butter and brown sugar and stir in remaining flour, oatmeal and grated rind. Mix with a fork until crumbly. Sprinkle over the rhubarb. Bake in moderate oven (350 degrees F.) about 40 minutes until topping is brown. Serve warm with plain or whipped cream.

**MEAT QUERIES**  
Q. Can frozen chops or steaks be breaded?  
A. Yes, however, they should be defrosted before they are breaded.  
Q. When should vegetables be added to a stew or a New England dinner?  
A. Just long enough for vegetables to be cooked by the time the meat is done. The exact minute will depend upon the kind and the size of pieces of vegetables.

SMORGASBORD SPECIALTIES, Swedish eggs, salmon and potato salad.

## The Cookbook

By GAYNOR MADDOX

Midnight Snack?—Smorgasbord!

FOR the "get-together" after the movies or theater, go Swedish. Arrange a few smorgasbord specialties on a large tray and serve with hot coffee. If some guests have sleeping problems, give them decaffeinated coffee. A good hostess keeps everyone happy.

**Stuffed Eggs (Fyllda Agg)**  
Hard cook 6 eggs. Plunge into cold water and chill. Split in half lengthwise and scoop out yolks. Mash yolks with 2 tablespoons anchovy paste. Moisten with a little mayonnaise and season with salt and pepper if desired. Stuff back into egg white shells. Sprinkle with paprika and chopped dill.  
**Salmon Rolls (Lax Rullader)**  
Cut thin slices of smoked salmon into narrow strips about ¼ to 1 inch wide and 2 to 3 inches long. Wrap around chunks of dill pickle and fasten with toothpicks.  
**Stuffed Sausage (Fyllda Korf)**  
Cut thin slices of pressed ham or other firm sausage into wedge

shapes. Spread with cream cheese moistened with cream or mayonnaise and seasoned with mustard. Roll up, starting with large end and going toward point (or roll into cornucopias). Garnish open ends with tiny sprigs of parsley.

**Potato Salad (Potatisallad)**  
Six medium sized potatoes, one-third cup mayonnaise, one-third cup sliced onions (very thin), one-third cup white or tarragon vinegar, 1 tablespoon chopped green pepper, ¼ teaspoon dry mustard, 2 tablespoons chopped parsley.  
Wash, boil and skin potatoes. Cut into small slices. While potatoes are still hot, blend with remaining ingredients (except parsley) mixed together. Chill, and when ready to serve, pile on a chilled platter, sprinkle with parsley and garnish with watercress. Salad may also be garnished with slices of hard-cooked egg and strips of pimiento if desired.

Serve also several different kinds of cheese.  
(NEA Service, Inc.)

Impress your tea or bridge party guests. Cuplets has the quality no other cup cake mix has been able to equal. Makes 12 to 18 delicious cup cakes or one nine inch layer.

TO SALT OR NOT

WHEN is a roast salted? This is a frequent question of new, as well as experienced homemakers, says Reba Staggs, well known meat cookery expert.

A beef, veal, pork or lamb roast may be salted before, during or after cooking, points out Miss Staggs. The time does not make any difference, as the salt will not penetrate to a depth of more than ½ inch.

However, when it comes to seasoning a broiled beef steak or lamb chops there is a definite time for salting. Broiled steaks and chops are first browned on one side, then seasoned. The meat is turned and the second side browned, then seasoned and the meat is ready for serving.

The reason for this is that steaks and chops for broiling have a comparatively large cut surface and salt tends to draw out the meat juices, thus retarding browning. For the same reason this procedure is also followed when panbroiling thinner cut steaks and chops.

HOUSEHOLD HINTS

Coffee stains not more than a few hours old can be removed by pouring hot water on them from a height of two or three feet.

To remove chewing gum, soften with the white of egg. Then wash the area in which the gum remains.

## The Modern Farm

## Opinions On 1950 Wheat Crop In Ohio Differ Significantly

By JOSEPH KUPKA  
Salem News Farm Editor

Opinions seem to differ whether Ohio farmers will have a good crop of wheat in 1950.

According to C. A. Lamb, of the agronomy department of the Agricultural Experiment Station at Wooster, Ohio wheat survived the winter very well, and prospects are good for a satisfactory, if not a bumper crop.

On the other hand, indications of the Federal-State Crop Reporting Service showed that Ohio can expect a 12 million bushel cut in its 1950 wheat crop.

The reporting service said that the biggest share of wheat planted last fall is in good condition but that late-sown wheat suffered from alternating freezes and thaws in March. Excess moisture in other areas damaged the crop.

Damage has been restricted to areas in fields where water lay for some time continues Lamb. Wheat with good fall growth stood a surprising amount of water with little or no injury.

found on fields in northwestern Ohio where drainage was poor and the wheat plants small, he said. It was evident that growth in adjacent fields suffered much less. In all parts of Ohio, wheat was killed or injured in low areas of fields where water lay for any appreciable time.

Lamb said some individual farms suffered severely, but taking the state as a whole, the damage has not been great, and winter injury will not be a serious factor in reducing this year's crop.

Statistics on other Ohio farm products provided by the reporting service indicate rye plantings are 92 percent of normal. Stocks of corn on Ohio farms April 1 were 25 percent larger. The oats crop on farms were down 14 percent and soybeans were 10 percent less than 1949.

The reporting service said that stocks in general were above average. In March of 1950, milk production on Ohio farms amounted to 434,000,000 pounds—four percent more than March, 1949. The production of 266,000,000 eggs was equal to March of 1949.

## Winter Wheat Off

1947-48 AVERAGE 758,000,000 BU

1949-50 AVERAGE 758,000,000 BU

**FARMERS STAND** to receive nearly \$250,000,000 less for the winter wheat crop this year than last, says Agriculture Department's latest crop estimate. Dollar loss is figured at \$1.90 a bushel, approximate price level the government will support. Crop still is above 1939-48 average, however.

Late planted and inadequately fertilized wheat, on the other hand, suffered severely in poorly drained locations.

The season was notable for extremely mild temperatures through December, January, and part of February, combined with high rainfall. Wheat continued to grow at intervals throughout the winter. Moderately severe frost in late February and March killed back the tops considerably, but apparently did no great harm to the plants, Lamb opines. Most extensive damage was

## German Women To Visit Farm Groups In Ohio

COLUMBUS, April 20 — Two German women will be in Ohio the latter part of this month to become better acquainted with American farm life.

The two are part of a women delegation being brought to this country for a tour under the sponsorship of the American Farm Bureau Federation. The Ohio Farm Bureau will act as host for the two women, who will visit the farm organization's local advisory council groups, as well as study family relations with Ohio farm women.

The 71 Home and Community groups of the Ohio Farm Bureau, directed by Litta K. Roberson of Ashley, raised over \$300 to help sponsor the Ohio tour.

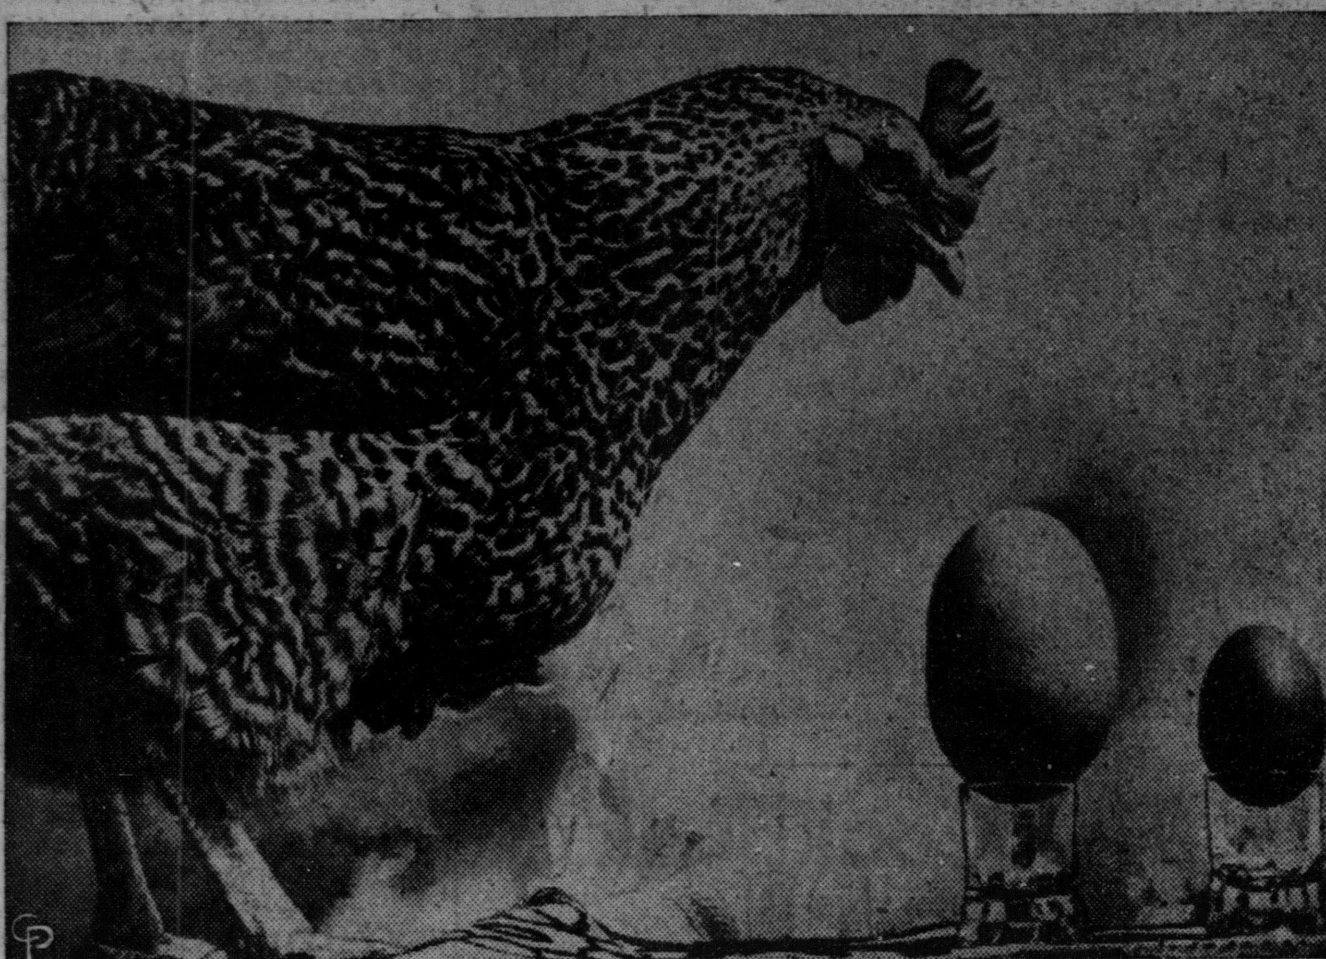

## E. Canton Man Named To Farm Bureau Post

COLUMBUS, April 20—Ralph Varian of East Canton, a member of the board of trustees of the Ohio Farm Bureau Federation, was elected vice president of the federation at a meeting here. Dwight Heckathorn, also a trustee, was elected vice president of the Farm Bureau Cooperative Association.

Heckathorn and Varian succeeded Harold P. Richards of Strongsville, who resigned last week from both posts to become a member of the board of directors of the Farm Bureau insurance companies.

Richards also resigned as president of the Farm Bureau Agricultural Credit Corporation. Harry Guthrie, R. D. 3, Coolville, former vice president, was elected

## Really Something To Cackle About, Emilie

EMILIE SEEMS AWED by the half-pound egg she produced for Long Island, N. Y. That dinky little one beside it is ordinary size. Emilie, a Plymouth Rock, sometimes lays double-yolk eggs, but this is her first giant-size job.

ed to replace Richards as president, while E. K. Warye, R. D. 3, Urbana, was elected vice president of the Agricultural Credit Corporation.

## Dairyman Says Cows Have "Right To Kick"

No dairyman likes a cow that kicks at milking time, but most cows have a right to kick.

C. L. Blackman, extension dairy cattle specialist at Ohio State University, claims that if cows could tell us their complaints, the list would be long and impressive.

They would point an "accusing finger" at their owners because they don't get to live longer. And they might ask him:

"Why send us off to the butcher in the prime of life just because careless management on your part causes us to become infected with mastitis? Such things as poor milking practices, lack of bedding, undersized stalls, and poor sanitary conditions give mastitis a better chance to attack us."

Those poorly treated cows would probably add: "Give us a better sire and dam and you'll have to cull fewer of us because of low production."

Blackman gives these four practices that would save a lot of cows that are sold because of breeding trouble: Take more care to develop growthy, thrifty heifers; breed cows from 60 to 90 days after calving; breed when conditions are normal; and get proper veterinary care when needed.

## Essay Contest Winners For District Announced

COLUMBUS, April 20—Seven district winners have been announced in the Ohio Farm Bureau's state-wide Soil Conservation Contest.

According to Harry L. Cook, agronomist for the Farm Bureau, the district winners will receive a plaque and their essays will

be forwarded for state competition.

State winners will be announced at a banquet to be held in Columbus May 3, honoring the writers, their parents, and the principals of their high schools. The top essay writer in the state will receive \$200; while \$100 and \$50 will be awarded to second and third ranking writers respectively.

District winners include: Ray Sarafin, Sullivan High School, near Wellington; Lucille Rivers, Manchester High School, Manchester; Lee Spencer Garrett, Union High School, near Chillicothe; Willis Ridenour, Jefferson High School, Stone Creek; Leanne Omwake, Bettsville High School, Bettsville; Robert E. Myers, Barnesville High School, Barnesville; and Pauline Koch, Wapakoneta High School, Wapakoneta.

Several farm organizations and agencies cooperated in handling the essay contest, including Friends of the Land, Extension Service, Soil Conservation Service, Association of Soil Conservation Supervisors, State Department of Public Instruction, Production Marketing Administration, and the Farm and Home Administration.

## Magazine Predicts Farm Price Changes

Even a small change in prices for farm products can wipe out a farmer's profits. Here are changes the farmer can expect and figure into his planning for 1950, according to *Successful Farming* magazine:

Wheat—Old wheat will sell higher as the supply is eaten up. But new wheat will likely sell below supports for several months after harvest.

Corn—Both old and new corn will sell closer to the loan figure than in the past two years. This makes it to the farmer's advantage, often, to ignore allotments and sell your larger acreage on a market held up by loans. This won't work out next year, however, if quotas are voted in. Another tip: Popcorn and sweet corn, unless you use them for ensilage or animal feeding, don't count against your allotment. With a contract, each can be a profitable crop.

Soybeans—Old-crop beans will be scarce and high-priced due to big seed demand. New-crop beans will fall below supports, from the weight of heavy 1950 output.

Hogs—This summer's prices for last fall's litters will be lower than the prices farmers were paid last summer. And hogs from this spring's pig crop will snuggle close to support prices.

Beef cattle—Lots of farmers are rebuilding their herds. This will limit the immediate slaughter volume, should help hold prices.

Poultry—Poultry will be lower than last year, but eggs should do fairly well next fall and winter.

Milk—No startling changes are in sight as to milk prices. Prices will follow the usual seasonal pattern, close to last year's levels.

## Forestry Group Names Essay Contest Judges

J. A. Meckstroth, editor of the Ohio State Journal, Columbus, and Dr. Ralph Bender, chairman of the Department of Agricultural Education, Ohio State University, were named today as the judges in the Ohio Forestry Association's Plant-A-Tree essay contest.

Their appointment was made by Horatio Ford, Cleveland, president of the association. Schools in 30 eastern and southeastern Ohio counties which last week planted a tree on Arbor Day in the association's Plant-A-Tree campaign may enter essays on "What Are the Benefits of Trees to Ohio."

The winning student will receive a gold wrist watch and the winner's teacher will be given a scholarship to the Ohio Conservation Laboratory at Camp Muskingum, on Leesville Lake June 19-July 26. A \$25 U. S. War Bond will be given the second place student.

A number of essays have already been entered, William Laybourne, executive secretary of the association, stated today. All entries must be in by May 1.

Oak wilt disease has been found to spread through root "grafts" occurring naturally between trees.

## Station Gives Spray Advice

## Information Issued To Area Orchardists

The Agricultural Extension Service Station at Wooster released the following spray information today:

Orchardists who have a small acreage of apples located in the Cincinnati and Adams and Lawrence County areas and who are equipped to cover within 48 hours or less should listen to the weather forecasts closely and be prepared to cover all varieties at or beyond the late delayed dormant if a rain of some duration is predicted.

Infection by spores of the scab fungus is likely to occur if the foliage is wet for eight hours or longer when the temperature is near 60 degrees and if the foliage is wet for four hours when the temperature is about 70 degrees.

Growers in these areas who have a large acreage that cannot be covered in two days should plan to spray as their varieties reach the late delayed dormant stage. This is the first pre-blossom scab spray recommended for these areas and is the same as included in each of the three previous bulletins.

However, varieties that were sprayed on or since last Friday should not require a scab spray at this time.

The first pre-blossom scab spray is also recommended in the Warren, Jackson and Athens areas for apple varieties at or beyond the late delayed dormant unless they were sprayed since last Friday. Growers who can cover in less than two days should watch the weather forecasts in order to make the most timely application ahead of rains.

In the southern part of the Miami area Rome is reported green tip. Duchesne, McIntosh and Delicious are delayed dormant. Bud development is about the same in the southern part of the Fairfield area. Growers in the Miami, Fairfield and Belmont areas should plan to protect apple foliage at or beyond the late delayed dormant stage with one of the recommended sulfur fungicides.

No spray recommendation is being made at this time for Delaware, Knox and Jefferson areas, but growers are warned to keep close watch on bud development. Scab spores are mature in these areas and with favorable weather some varieties may have sufficient foliage exposed for infection to occur by the end of this week.

In Van Wert, Crawford, Wooster and Salem areas, varieties except Rome are at green tip to early delayed dormant. Green tip is reported for the Lorain area and even as far north as the Lake area. Wealthy, Delicious and Cortland have reached green tip stage.

Fruit growers in the areas just mentioned as well as in the Lucas, Fremont, Ottawa and Geauga areas are urged to complete the oil application as rapidly as possible because an early pre-blossom scab spray will probably be needed this year.

## Prices For Cattle Differ At Markets

CHICAGO April 20—A study of cattle prices just completed by Chicago stock yards officials reveals wide differentials of Chicago quotations over prices paid at two large river markets in the Middle West.

The study, which was made from United States Department of Agriculture figures, was for the period of the first three months of this year. Highest margins were in choice to prime steers, and Chicago prices were \$4.54, \$4.12, and \$3.03 over those of "Market X" for these months.

Three-month averages reveal that for all grades of steers, Chicago prices were \$1.50 over "Market X" and \$1.38 over "Market Y."

Sizable margins also exist in common steers. For the month of February, the Chicago average was \$2.14 over "X" and \$1.74 over "Y." About the same margins occur in good grade steers.

"Cattle feeders would do well to figure costs of shipping to and selling in Chicago as compared to river markets before they market their cattle," one cattle salesman here said. "These price differences are fairly consistent from week to week."

## Man-Made Rains Could Wreck Farming, Claim

LAS VEGAS, April 20—(AP)—Too much man-made rain may "wreck the agriculture of the entire nation," says Dr. Irving P. Langmuir, Schenectady, N. Y., scientist.

He told the 18th annual Western Snow Conference yesterday that under favorable conditions clouds over-seeded with silver iodide and dry ice might yield more rain than needed—even cause floods.

Always face a ladder going up or down.

## Older Rural Youth Plan Monday Meeting

The Columbiana County Older Rural Youth will hold a recreational training meeting Monday at the Fairfield Centralized School near Columbiana.

The evening will consist of the teaching of folk games and square dancing. All rural youth of the county are invited to avail themselves of this opportunity. The meeting will be from 8:30 to 11:30 p. m.

Clean nests mean fewer dirty eggs.

## Don Ebright Cites Educational Needs

YOUNGSTOWN, April 20—(AP)—Plans must be made now to properly educate larger numbers of children in the future, State Treasurer Don H. Ebright said today.

Ebright, candidate for the Republican nomination for governor, talked to the Mahoning county Republican Women's Club here.

"We cannot wait until we have a sufficient number of teachers and the proper number of school buildings," he said. He cited statistics that indicate Ohio's total school enrollment in 1954 will be nearly 1,500,000, or 350,000 more than now. He added:

"While preparing this long-range program, it must be kept in mind that the citizens of Ohio are assured of receiving the maximum amount of education for their children for each tax dollar spent."

## Director Urges Support Of Mental Health Week

COLUMBUS, April 20—"Ohio farm women should give their active support to Mental Health Week, April 23-29," Litta K. Roberson, director of the Home

### LEGAL NOTICE

**NOTICE OF DIVORCE**  
State of Ohio, Columbiana County, SS. ALMA JEAN CARPER, plaintiff vs. SAMUEL RAY CARPER, defendant.

Samuel Ray Carper, whose last known place of residence was Gasaway, West Virginia, c/o Dave Carper, will take notice that on January 4, 1950, the undersigned filed her petition against him in the Court of Common Pleas of Columbiana County, Ohio, being Case No. 27487, praying for a divorce and relief on the grounds of gross neglect of duty and extreme cruelty. Said cause will be for hearing on and after the 26th day of April 1950.

Alma Jean Carper by her attorney WALTER J. HUNSTON.  
Salem News, March 16, 23, 30 and April 6, 13, 20, 1950.

**NOTICE OF DIVORCE**  
State of Ohio, Columbiana County, SS. RUTH ORA BUGDON, plaintiff vs. WILLIAM P. BUGDON, defendant.

William P. Bugdon, whose last known place of residence was 1619 Metropolitan, North Side, Pittsburgh 12, Pa., will take notice that on December 23, 1949, the undersigned filed her petition against him in the Court of Common Pleas of Columbiana County, Ohio, being Case No. 27485, praying for a divorce and relief on the grounds of gross neglect of duty and extreme cruelty. Said cause will be for hearing on and after the 26th day of April 1950.

Ruth Ora Bugdon by her attorney WALTER J. HUNSTON.  
Salem News, March 16, 23, 30 and April 6, 13, 20, 1950.

# FOR BETTER WANT AD RESULTS

USE "BRAND NAMES" IN YOUR AD.

Millions of Dollars Have Been Spent Gaining Acceptance of "Brand Names" and You Can "Cash-In" On Those Names In Your Want Ad.

Real Estate Ads—Home For Sale: Say the house has a Bird or Barrett roof; Crane or Kohler plumbing; a Holland or a Mueller furnace; Pittsburgh or a Sherwin-Williams paint; Weyerhaeuser lumber; Youngstown kitchen cabinets; Bruce floors; Johns-Manville or Kimsul insulation; a Ruid or Smithway hot water heater; Armstrong linoleum; an Iron Fireman stoker or a Timken oil burner... the list could go on and on.

Household Goods and Appliances—With the names of General Electric, Philco, General Motors, Norge, Bendix, Westinghouse, Hotpoint, Hamilton Beach, Kelvinator... classified advertisers can cash in on the millions of dollars spent in winning acceptance of those names!

Automobile ads can also present the General tires, South Wind heaters, Motorola radios, body by Fisher, Fram oil cleaners, etc., on the cars featured. Sporting Goods, Musical Instruments, Radios—every "for sale" sub-classification has scores of brand names commanding respect in buyers' minds. Help wanted ads, too, can be built on the products factories turn out.

# Salem News Want Ads

Dial 4601

and Community of the Ohio Farm Bureau Federation, stated this week.

Mrs. Roberson said "In any public health problem, for a preventive program in mental health to be successful, we must train an adequate number of people to work in the field; we must learn everything possible about the causes and treatment of mental illness."

According to Mrs. Roberson, Home and Community women devote much time to improving Ohio's health conditions.

# 'Assignment: America'

By INEZ ROBB

NEW YORK, April 20—(INS)—Before the remnants of my fellow citizens hang R. I. P. on all the atom-blitzed cities of the U. S. A., I would like to get another squawk in edge-wise.

To date, jurisdictional fights have just been something over which the CIO and the AFL slug each other with dull regularity. I had never figured to star in a jurisdictional dispute but we both some civilians of this broad land are in the middle of the nation's hottest jurisdictional squabble, as of now.

The boys in Congress are fighting so bitterly over who will save the civilian population of the United States, if and when World War III comes along, that a good many of us may be D. O. A. by the time the lads make up their minds.

From time to time I have behaved peevishly in this space because (1) American scientists and generals are always arbitrarily wiping out New York with the first enemy atom-bombs and knocking me off without prior consultation, and (2) because there is no over-all, nationwide SOS, or save our civilians, program.

After all, even in the atom war, civilians will have their uses, I presume. The government may need a few of us hanging around to man the factories and sell war bonds, join the U. S. O. and roll bandages. We also serve who only stand and gripe about rationing.

**IN SHORT,** I have resented the fact that nuclear authorities—exercising the inalienable right of free speech—have been running loose up and down the land, scaring the bejabbers out of men, women and children with dire predictions of the horrors of atom warfare.

But I have resented even more the fact that Washington has shown gloping indifference to the general fate of John Q. Taxpayer. Now I discover that our peril is even more dire than I imagined.

Indifference to our fate, I can stand, but a jurisdictional fight over it is too much: That way lies oblivion. Two congressional committees are now fighting (each other) tooth and nail over which shall have the privilege of bailing out good ol' John Q., his wife and the kids.

The fourth world war will probably be under way—with bows and arrows—before it is decided whether the senate committee on armed services or the joint committee on atomic energy is to throw out the life-line in World War III.

Both congressional committees are battling each other for the privilege of saving us. But in the meantime, as M. Twain remarked re complaints about the weather: No one is doing anything about it.

**YET BOTH** congressional groups are convinced that hundreds of thousands of civilians, perhaps millions, must be trained in the very real and grave problems of civilian defense imposed by the possibility of another world war.

While the jurisdictional battle rages and nothing is done, the problem of civilian defense is viewed as so immense and costly that the senate committee on armed services has even discussed the feasibility of adding a fourth unit to the nation's war-making body. That is, it would create a department of civilian defense to rank with the army, navy and air corps, and to handle all types of defense.

However, the joint committee on atomic energy claims it has the sole right to put out the fire and man the respirator. It bases its claim on the supposition that only the A-bomb committee can be trusted with the secrets of A-bomb defense. Holy cow! If A-bomb defense is to be as secret as A-bomb manufacture, it is worth the bother?

Also, although it is cold comfort, I have just learned that if an H-bomb has my number, I toss in the chips through "fusion." That's part of the difference between the two bombs; the atom bomb is produced through fission, the H-bomb through fusion.

But the result, if I'm underneath either, is the same: Stone cold dead in the market place and Congress, in all probability, still fighting for jurisdictional possession of the cadaver.

**MAKE KITCHENS BRIGHT**  
Attractive curtains, good lighting, colorful towels and green plants make the kitchen a gay place even on a dreary day. Kitchen utensils, too, can add a special bit of brightness to the preparation of daily meals.

## Decries Failure To Use BCG Vaccine In Tuberculosis War

DENVER, April 20—(AP)—The vaccine, BCG, will whip tuberculosis, says Dr. Edward J. O'Brien of Detroit, "and somebody has got to raise hell until this country wakes up to that fact."

"I guess," he added in an interview, "that I'm just the guy to do it."

The white-haired Dr. O'Brien, one of the nation's top TB surgeons, launched a crusade for BCG in a speech here before the American Association for Thoracic Surgery, of which he is president.

He told the surgeons their present methods of combating TB—some of which he developed himself—"won't solve the problem in a thousand years."

BCG is the only answer, he declared, "and it's amazing that the U. S. Public Health Service can't see it."

Dissenting opinions came from Dr. Robert J. Anderson of the Public Health Service in Washington and from Dr. Harry J. Corper, research director of the National Jewish Hospital here.

Dr. Anderson said evidence is still incomplete as to the effectiveness of BCG.

Dr. Corper, while admitting that BCG is a preventive, said he didn't think mass vaccinations were justified except in countries like India, or in slum areas of cities like New York and Chicago.

Repeating to Dr. Anderson's statement, Dr. O'Brien said millions of people in other countries had been vaccinated, that BCG had given immunity to 70 to 90 per cent, and that there hadn't

**ANNOUNCING** his resignation as Under Secretary of Agriculture, Albert J. Loveland (above), vacationing in Key West, Fla., will run for U. S. Senator from Iowa. He will seek the Democratic nomination for the seat now held by Sen. Bourke Hickenlooper.

**MORE STORAGE SPACE**  
When kitchens lack storage space, solve the problem by hanging rows of utensils in plain view near the range or refrigerator. They'll be easy to reach and the clean-looking ware will add a note of color to the kitchen.

been a single report of harmful effects in 20 years.

As for Dr. Corper, he declared "that's the kind of reasoning I can't understand. It's the same ostrich-like attitude you'll find in the Public Health Service."

"How in God's name can they draw a line on who is to be vaccinated? How can it be all right to save the people of India and New York and Chicago, but not the rest of the people of the United States?"

"Of course, the TB death toll in India is much larger than it is here, and they need a vaccination program worse than we do. But still 50,000 die from TB in our country every year."

"Isn't it worthwhile to save 45,000 of those people?"

To Dr. Corper's argument that a national vaccination program would be "a massive waste of funds," Dr. O'Brien noted that public and private agencies are spending \$350,000,000 a year to fight TB.

"And they're not making any progress in controlling the disease," he said. "All we're doing now is trying to save the lives of the poor physical wrecks who already have TB."

The Great Smoky Mountains of North Carolina, with 200,000 acres still in virgin timber, contain the most extensive stands of virgin red spruce and hardwood forests in America.

**Relieve Red Raw Rough ITCHY IRRITATED SKIN**  
See how fast Resinol quiets itchy torment, soothes and relieves smarting raw irritation of eczema, chafing, rashes or externally-caused pimples. Aids skin to feel, look so much better... and so soon! Today buy, try Resinol Ointment.
